A MESSAGE FROM GOVERNOR MURPHY

Dear Student:

I am excited that you have chosen to further your education. New Jersey has a long history as a place where jobs of the future are created, and there is a place for you here. As Governor, I encourage you to explore all degree options available in New Jersey. One of my top priorities is to ensure that all those who aspire to earn a college degree have equal access to a quality education right here in our state.

As you consider how to pay for your education, you should know that New Jersey is one of the top states in the country in making financial aid dollars available to assist students. Many residents are eligible for free tuition during two years of enrollment at one of New Jersey's 18 community colleges, thanks to our Community College Opportunity Grant that is helping tens of thousands of students earn an Associate's degree without paying tuition or fees. Building on those first two years of support, the newly instituted Garden State Guarantee will provide tens of thousands of students a third and fourth year of free tuition at one of our state's public four-year colleges and universities. Together, these two programs make up New Jersey's College Promise, offering students an affordable pathway to a Bachelor's degree.

I am proud that New Jersey's colleges and universities continue to lead the nation in educational excellence. The New Jersey Higher Education Student Assistance Authority is here to help make postsecondary education more affordable for you and your family. Please remember that making an investment in education now will have a lasting, positive impact for you, your family, and New Jersey.

My very best,

Philip D. Murphy
Governor

A MESSAGE FROM THE HIGHER EDUCATION STUDENT ASSISTANCE AUTHORITY

EXECUTIVE DIRECTOR

Dear Student:

New Jersey is ranked #1 for Pre-K-to-12 education excellence and recently ranked #1 as the best state in which to live. As you prepare for life after high school, you will be part of another proud New Jersey distinction, as the Garden State is a national leader in graduating high school students, with more than 70% of these graduates going on to pursue postsecondary education.

To support our state's college-bound students, New Jersey offers the most dollars in need-based grant aid per student of any state in the country. This financial assistance provides significant support for students to reach their dreams of a college education, and is a crucial investment in our state's future citizenry and workforce.

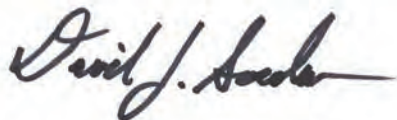

Governor Phil Murphy has expanded financial support for our state's college students by improving access and affordability of postsecondary education through major initiatives to build a stronger and fairer economy for all New Jersey residents. The Community College Opportunity Grant provides two years of tuition-free community college, and the newly implemented Garden State Guarantee offers free tuition in the third and fourth years of study at a public four-year college or university.

As you explore your postsecondary options, consider the benefits of attending college at any one of the institutions highlighted in this resource guide. New Jersey has more than 50 degree-granting institutions with unique qualities and course offerings to suit your needs. By attending an in-state college or university, you can save money while earning a high-quality education.

New Jersey's Higher Education Student Assistance Authority (HESAA) is here to help you in your college search with financial aid products and services such as need-based grants and merit scholarship programs, the NJBEST College Savings Plan, the NJCLASS supplemental family loan program, and financial literacy counseling. Since 1959, HESAA has assisted approximately five million students with more than \$18 billion in funds to make college more affordable.

I hope this publication furthers your interest in one of New Jersey's outstanding postsecondary institutions. Your college experience will greatly enhance your personal and professional growth and open doors to amazing opportunities. The promise of a better future awaits you.

Best wishes,

David J. Socolow
Executive Director

New Jersey Higher Education Student Assistance Authority

Sources: "Quality Counts" ranking by *Education Week*, WalletHub 2021's Best States to Live In, U.S. Department of Education data for Academic Year 2018-19, and the National Association of State Student Grant and Aid Programs 50th Annual Survey

AFTER HIGH SCHOOL

In New Jersey, students have access to a variety of postsecondary institutions, including two-year community colleges, four-year colleges and universities, and career schools. These institutions provide highly diversified programs of study to meet the individual needs of students as they prepare for future careers.

TWO-YEAR COLLEGES

Two-year colleges offer students the opportunity to earn an associate degree, including the Associate in Arts, the Associate in Science and the Associate in Applied Science. Your education at a two-year school can provide you with specialized training that can be immediately applied to a job following graduation. It can also prepare you for transfer to a four-year institution where you can complete your bachelor's degree.

New Jersey's county and community colleges primarily serve the residents of their respective county. In most instances, students enroll in the institution that serves their county. However, if you live in a county without a community college, or if your college doesn't offer the program you want, you can attend one of the other community colleges.

FOUR-YEAR COLLEGES & UNIVERSITIES

New Jersey's four-year colleges and universities grant a bachelor's degree, which is also called a baccalaureate. A few offer an associate, and most have graduate degree programs. Four-year colleges and universities generally offer a broad curriculum, unless the school specializes in a certain area of study, such as music.

Graduates typically receive a Bachelor of Arts or Bachelor of

Science degree. Some New Jersey colleges offer degrees with specialized titles such as a Bachelor of Science in Engineering or a Bachelor of Fine Arts.

TRANSFERRING FROM A TWO-YEAR SCHOOL

The New Jersey Presidents' Council approved the Comprehensive State-Wide Transfer Agreement. Under the provisions of this agreement, an Associate of Arts (AA) or Associate of Science (AS) degree from a New Jersey community college will be fully transferable as the first two years of a baccalaureate degree program and will be considered to have completed all lower division general education requirements. For additional information visit njtransfer.org, a joint initiative between the New Jersey Office of the Secretary of Higher Education and the New Jersey Presidents' Council.

CAREER SCHOOLS

Career schools train students for a specific vocation. Programs of study are usually, but not always, shorter in duration than traditional colleges — ranging from six months to one year. Programs range from automotive repair to culinary arts, from electronics to paralegal, from gaming and design to health care. Career schools can also serve as a stepping stone to entry into a two-year or four-year degree program.

TUITION-FREE COMMUNITY COLLEGE

Governor Murphy Signs Landmark Legislation to Permanently Establish the Community College Opportunity Grant

“For far too long, higher education has been out of reach for countless New Jerseyans due to its high cost,” said Governor Murphy. “This bill signing underscores our continued commitment to college affordability, ensuring that our young people and working adults have the opportunity to earn post-secondary degrees and advance their promising careers.”

Governor Phil Murphy on February 26, 2021

How and When to Apply for the Community College Opportunity Grant

New Jersey’s Community College Opportunity Grant (CCOG), which is administered by the Higher Education Student Assistance Authority (HESAA), provides last-dollar grants to eligible county college students for those tuition costs and fees not already covered by any other State, federal, and institutional need-based grants and merit scholarships. Students with adjusted gross incomes of \$65,000 or less are eligible to receive this financial grant for a total of five (5) semesters.

ELIGIBILITY

Community College Opportunity Grants are available to students who meet the following eligibility requirements:

- Enrolled in at least six (6) credits per semester at any community college during Academic Year 2021-2022
- Does not have a prior college degree
- Completed a Free Application for Federal Student Aid (FAFSA) or the New Jersey Alternative Financial Aid Application according to agency deadlines at www.njgrants.org
- Make satisfactory academic progress
- Have a total household adjusted gross income between \$0 - \$65,000

DEADLINE

New college students have until September 15 of their first semester to apply for State aid.

APPLICATIONS

Those eligible to complete the Free Application for Federal Student Aid (FAFSA), visit www.fafsa.gov

NJ Dreamers should complete the NJ Alternative Financial Aid Application at

<https://www.hesaa.org/Pages/NJAlternativeApplication.aspx>

GARDEN STATE GUARANTEE

Earn a Tuition-Free Bachelor's Degree

The recently enacted Garden State Guarantee provides two years of free tuition for students' third and fourth years at one of New Jersey's 11 public four-year colleges or universities, if the students have household incomes of \$65,000 or less. In addition, these public four-year institutions provide a sliding scale of guaranteed tuition discounts for students in their third and fourth years of enrollment whose household incomes are greater than \$65,000. All students are guaranteed a predictable pricing structure throughout the length of their academic programs.

The Garden State Guarantee complements New Jersey's Community College Opportunity Grant. Working together, these two programs offer eligible students a tuition-free four-year pathway to a Bachelor's degree. An eligible student from a family with adjusted gross income of \$65,000 or less could attend a community college for two years without paying a penny in tuition and required fees, and then transfer to a four-year public institution for an additional two years and graduate with a bachelor's degree completely free of tuition or required fees.

Higher education institutions in New Jersey are required to provide the information above, which you can use to compare colleges' net costs and financing options. For more information, please contact the Higher Education Student Assistance Authority at client_services@hesaa.org.

◀ To help boost transparency in the net cost of college, New Jersey now requires each institution to provide a “SHOPPING SHEET” to students. As shown here, students and their families can now compare college costs in an “APPLES-TO-APPLES” format.

◀ This template illustrates both the total cost of college and the “NET COST” which families have to pay (or borrow in student loans) after all other financial aid has been applied.

◀ Depending on your school selection, you will want to be familiar with both the 2-year and 4-year NJ Financial Aid Shopping Sheet formats.

◀ VISIT HESAA online to preview both versions: hesaa.org/Pages/HESAAPublications.aspx

EDUCATIONAL OPPORTUNITY FUND

WHAT IS THE EDUCATIONAL OPPORTUNITY FUND (EOF)? The New Jersey Educational Opportunity Fund (EOF) was created by law in 1968 to ensure meaningful supportive access to higher education for New Jersey residents to attend one of the Fund’s participating colleges or universities. It is not a financial aid or an entitlement program. EOF is a campus-based program. Admission into EOF is conducted at the campus level.

WHAT DOES EOF PROVIDE? EOF focuses on student success as measured by academic achievement, retention, persistence, graduation, and career preparation. In addition to providing eligible students who are admitted into the program with financial aid support, EOF also provides:

1. College Summer Bridge Program
2. Various forms of student support services (i.e., academic advisement, counseling, tutoring, etc.)
3. The ability to participate in leadership development activities
4. Other educational initiatives that assist students to succeed in their majors, career fields, and prepares them for the changing world.

WHO OFFERS EOF? Most NJ Colleges and Universities offer an EOF campus program. For a comprehensive list of participating institutions, please visit: www.nj.gov/highereducation/EOF/EOF_programs.shtml

HOW DO I APPLY?

1. Students must apply and be accepted to a New Jersey college or university that participates in the Fund.
2. Students must file a FAFSA or NJ Alternative Financial Aid Application (for NJ Dreamers). This information is available through high schools, colleges, or by calling the HESAA Customer Care number at 800-792-8670.

The FAFSA is also available online at www.fafsa.ed.gov.

3. Contact the EOF Director - There is an EOF campus director at every institution participating in the Fund. Each college/university has its own specific criteria for EOF admission and program participation. Due to the limited number of available spaces, students should contact the EOF director at the institution they wish to attend for more information. Please visit the following link for a list of participating institutions: www.nj.gov/highereducation/EOF/EOF_programs.shtml

EOF UNDERGRADUATE ELIGIBILITY:

1. Must demonstrate an educationally and economically disadvantaged background
2. Must be a New Jersey resident for 12 consecutive months prior to receiving the award
3. Must apply and be accepted to a participating New Jersey college or university
4. Must meet the academic criteria as set by the institution of choice
5. Must file a Free Application for Federal Student Aid (FAFSA) or the NJ Alternative Financial Aid Application
6. Gross Income and Assets must fall within the EOF Financial Eligibility Scale. For more information regarding financial eligibility, please visit: www.nj.gov/highereducation/EOF/EOF_Eligibility.shtml

CHOOSING A COLLEGE

The process can be exciting, and the choice will greatly impact your future.

CHOOSING A COLLEGE IS AN EXCITING DECISION.

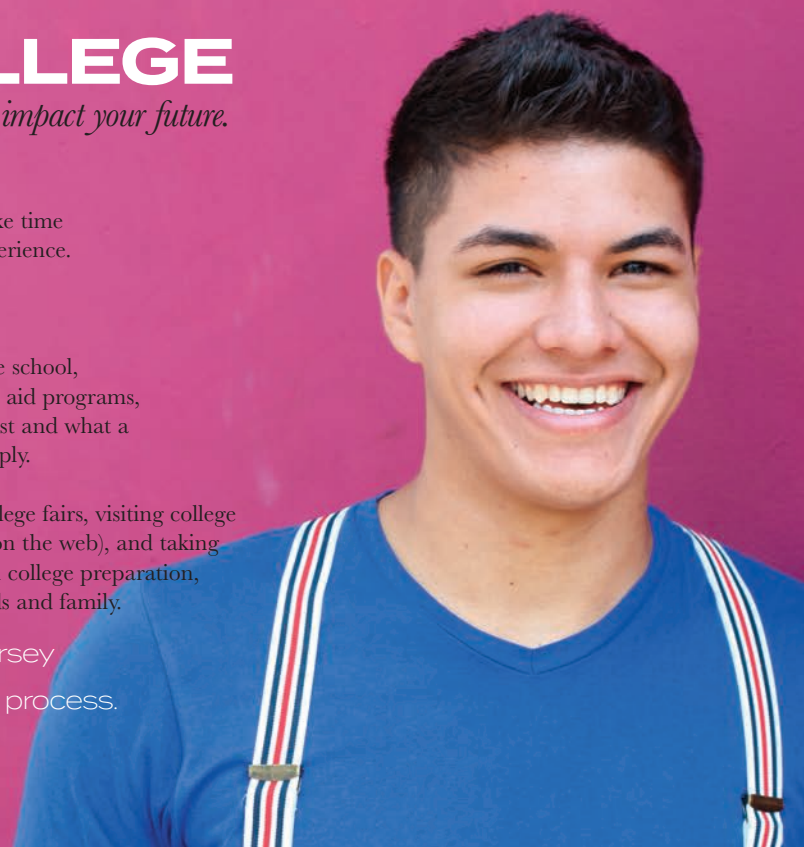

Since your final choice will greatly impact your future, you should take time to figure out what you expect to learn and gain from your college experience. First, consider yourself.

WHAT ARE YOUR GOALS AND INTERESTS?

What are your academic strengths and weaknesses? Then consider the school, including its academic characteristics, admissions policy, costs, student aid programs, programs of study, and student body. Determining what you want most and what a college can offer you will help you reach a decision about where to apply.

You can also **NARROW DOWN YOUR CHOICES** by attending college fairs, visiting college websites, reviewing college planning guides (found in the library and on the web), and taking campus tours. Your high school guidance counselor can advise you on college preparation, planning, and selection. You can also seek personal advice from friends and family.

Reading this edition of Going to College in New Jersey — and the college profiles beginning on page 15 — is a great way to jumpstart your college selection process.

PAYING for COLLEGE

Student financial aid is widely available in New Jersey, which ranks among the top states in the country in aid dollars available for full-time students. The Higher Education Student Assistance Authority (HESAA) administers New Jersey's student aid programs.

In New Jersey, state financial assistance is provided through grants for needy students, merit-based scholarships for high-achieving students, and state and federal student loan programs. In addition to aid from HESAA, you may receive assistance from federal and institutional aid programs. Grants and scholarships are aid that does not have to be repaid. Student loans must be paid back with interest.

When determining your financial aid options, it is important to work closely with a financial aid counselor at any institution you are interested in attending. Your financial aid counselor will review your eligibility for state, federal, and institutional assistance programs and prepare a financial aid package to help you meet the costs at that school.

TAG

New Jersey's Tuition Aid Grant (TAG) program is one of the nation's most generous financial aid programs.

Depending on your need and the type of institution you attend, a TAG award can cover up to the full cost of tuition or a portion of that cost. One in every three full-time New Jersey students receives TAG, and awards may be used at nearly all New Jersey postsecondary institutions, including county colleges, state colleges, and eligible private colleges and universities.

To get the best idea of a family's ability to pay higher education expenses, eligibility for TAG is determined by a review of a number of factors, such as family income and assets, family size, and the number of household members in college.

In New Jersey, aid for exceptionally needy students is also available through Educational Opportunity Fund (EOF) grants.

■ **How to apply.** To apply for State aid, you must complete the Free Application for Federal Student Aid (FAFSA) or the NJ Alternative Financial Aid Application if you qualify as an NJ Dreamer (application for those whose immigration status makes them ineligible to complete the FAFSA).

THE COMMUNITY COLLEGE OPPORTUNITY GRANT

For information on the Community College Opportunity Grant see "Free-Tuition Community College" on page 6.

STATE SCHOLARSHIP PROGRAMS

New Jersey's merit-based scholarships recognize academic excellence while encouraging students to continue their education at in-state colleges and universities.

HESAA also administers several special scholarship programs which benefit

children of emergency service personnel and law enforcement officers who have been killed in the line of duty.

NJ STARS

The New Jersey Student Tuition Assistance Reward Scholarship (NJ STARS) Program provides New Jersey's highest achieving students with free tuition at their home county college. New Jersey residents who rank in the top 15.0% of their class at the end of either junior or senior year of high school may be eligible to receive an NJ STARS award for attendance at their home county college. The NJ STARS award covers the cost of tuition, less any state and/or federal grants and scholarships, for up to 18 credit hours per semester. Students identified as potential NJ STARS scholars must achieve the required score on a college placement test to demonstrate readiness for college-level coursework prior to receiving a scholarship. If remediation is required, the student has one year from September 1 following high school graduation to demonstrate college readiness.

YEARLY MAXIMUM TUITION AID GRANT (TAG) AWARDS* FOR ACADEMIC YEAR 2021-22

TYPE OF SCHOOL	FULL-TIME MAXIMUM AWARD
County Colleges	\$2,840
State Colleges or Universities	\$8,700
Public Research Universities	\$10,044
Independent, Non-public Institutions	\$13,196

**Subject to annual adjustment based on available funding
For more information, visit <https://www.hesaa.org/Documents/TagTable.pdf>*

NJ STARS II

Successful NJ STARS scholars may be eligible for NJ STARS II, a program that provides funding to pursue a bachelor's degree to students who earn an associate degree from a county college and attain a cumulative GPA of 3.25 or higher.

STUDENT LOANS

Millions of students nationwide, including those who receive grants and scholarships, borrow student loans to help pay for their education.

There are two primary types of student loans: federal and supplemental. Federal student loans offer fixed interest rates and favorable terms, including the option to defer repayment until you have completed your degree. Federal loans include the Direct Loan for students, the Federal PLUS loan for parents, and the Federal PLUS loan for graduate and professional students. Students may borrow Direct Loans regardless of financial need; however, those with need may receive a subsidized loan. With a subsidized loan, the federal government will pay the interest that accumulates on the loan while you are enrolled in college, for a short period after you graduate (grace period), and during periods of authorized deferment. For unsubsidized Direct Loans and Federal PLUS loans, interest is the responsibility of the borrower. See www.studentloans.gov.

HESAA makes supplemental loans available through the NJCLASS program, after the student has exhausted eligibility for all other forms of financial aid and federal Direct Loans. NJCLASS

supplemental family loans offer low interest rates to borrowers meeting both income and credit worthiness requirements.

NJCLASS can be used to pay a portion of the tuition or the entire cost of college. New Jersey residents can use NJCLASS to attend any approved college in the nation. Non-New Jersey residents attending a New Jersey college can also use NJCLASS.

■ **How to apply.** The NJCLASS loan application can be found on the HESAA website, www.hesaa.org or www.njclass.org.

For more information, call HESAA at 609-584-4480.

BORROW WISELY

College costs are rising, and more students are turning to loans to pay for educational expenses. Borrowing may be a necessity, but students are advised to borrow as little as possible. Borrowing should be a last resort after all student aid is exhausted. Student loans can help you achieve your educational goals, but don't over borrow. A good guideline is to limit your student loan borrowing to what your future earnings will allow you to repay. For tools and resources for understanding student loans, visit

<https://www.consumerfinance.gov/consumer-tools/student-loans/>. Student loans are debts that must be repaid.

Plan in advance for repayment. Determining your potential debt and your expected income allows you to make responsible financial choices about your future.

Effective January 1, 2020, all FFELP loans once guaranteed by HESAA, transferred to the Kentucky Higher Education Assistance Authority (KHEAA). KHEAA can be reached at (800) 928-4241.

THE TOP COLLEGE RESOURCES ON THE WEB

hesaa.org — Statewide information for New Jersey students, families, and institutions about programs, deadlines, aid applications, tools, and calculators, including the TAG Estimator and Real Money 101 resources.

njfams.hesaa.org/NJFAMS/login — The New Jersey Financial Aid Management System (NJFAMS) has real time information for all students who apply for NJ State aid. Each student will need to log in and set up an NJFAMS account.

mappingyourfuture.org — Extensive information about college planning, careers, student financial aid, student loans, and money management. Mapping Your Future also hosts live chat events with college planning experts.

ed.gov — The official website of the U.S. Department of Education with information about federal student aid programs and many links.

state.nj.us/highereducation/ — Official website of the Office of the New Jersey Secretary of Higher Education which provides coordination, planning, policy development, and advocacy for the State's higher education activities.

njtransfer.org — The website that helps you transfer community college courses in the State of New Jersey. NJTRANSFER was developed as an initiative of the New Jersey Secretary of Higher Education and the New Jersey Presidents' Council.

njedge.net — Features New Jersey college links, a searchable database of degree programs, and NJ Virtual University, an easy-to-use index of distance learning courses at New Jersey institutions.

fastweb.com — FastWeb lets students create a personalized profile that can be matched against expansive databases of scholarships. As a free scholarship matching service, FastWeb has information about more than 800,000 scholarships totaling more than \$1 billion. FastWeb can also help you choose a college or locate a job.

bigfuture.collegeboard.org — This site assists more than seven million students to prepare for a successful transition to college.

ftc.gov — Protect yourself from scholarship scams or financial aid fraud. Visit the Federal Trade Commission for the latest information and advisories for consumers.

<https://www.consumerfinance.gov/consumer-tools/student-loans/> — Tools and resources for understanding student loans.

8 STEPS TO APPLY FOR FEDERAL AND STATE STUDENT AID

STEP 1 GET FREE HELP

Get free information and help from: your school counselor, college, career school, or HESAA –

NJFAFSADays.org or 609-584-4480

US Department of Education –

www.FederalStudentAid.ed.gov or

1-800-4-Fed-Aid (1-800-433-3243)

Free help is available any time during the application process! Do not be taken in by scammers charging money to help you apply for student aid.

STEP 2 KNOW YOUR 2022-2023 DEADLINES

New Jersey State Deadlines

First-time NJ State Grant Applicants

Fall/Spring Applicants – September 15, 2022

Spring Only – February 15, 2023

Renewal Tuition Aid Grant Recipients

April 15, 2022

Federal Deadlines

Complete the FAFSA between October 1st and June 30th of the following year (no exceptions to either date) BUT apply as soon as possible. To meet deadlines apply online at www.studentaid.gov.

Your college may have deadlines too.

STEP 3 CREATE A FEDERAL STUDENT AID (FSA) LOGIN

Create your user ID and Password by going to <https://fsaid.ed.gov> and create an FSA ID. The student and parent will need to create their own FSA ID at this website. The student will use their login to access the FAFSA at www.studentaid.gov, the parent will use their ID to sign the FAFSA.

STEP 4 COMPLETE YOUR FAFSA

To start your FAFSA go to www.fafsa.gov. The student will login with their FSA ID. Use IRS Data Retrieval Tool (DRT) to complete your FAFSA! If you are unable to use DRT, you will need to collect your 2020 tax returns and other records of income. NJ Dreamers must complete the NJ Alternative Application only. To complete your application go to hesaa.org/Pages/NJAlternativeApplication.aspx

STEP 5 YOUR FAFSA RESULTS

The U.S. Department of Education will send you your Student Aid Report (SAR) – the result of processing your FAFSA. Review your SAR, and if necessary, make changes or corrections and submit your SAR for reprocessing. You can submit corrections online at www.studentaid.gov. Your complete, corrected SAR will contain your Expected Family Contribution (EFC), which determines your federal student aid eligibility.

STEP 6 YOUR NJ STATE AID RESULTS

HESAA will send an email to the email address listed on the FAFSA, which will contain your NJ State/HESAA ID. You will be instructed to create a NJFAMS User ID and password to log into your NJFAMS Student Portal. You can find your “To Do List” and “Award and Eligibility” information as well as other functions to assist you with your State aid process.

STEP 7 VERIFY YOUR ANSWERS

If you are selected for federal verification, your school’s financial aid office will ask you to submit tax returns and other documents, as appropriate. Be sure to meet the school’s deadlines. (To request an IRS tax return transcript go to www.irs.gov - it’s free) The State of New Jersey may also request documents to verify information reported on the FAFSA. HESAA will ask you to submit a tax return transcript and other documents as appropriate.

STEP 8 GET AWARD QUESTIONS ANSWERED

All Students: Contact the financial aid office if you have any questions about the aid being offered.

First-Time Applicants: Review financial aid shopping sheets from schools to compare amounts and types of aid being offered. Decide which school to attend based on a combination of (a) how well the school fits your needs and (b) its affordability after all aid is taken into account.

NEW JERSEY DREAMERS

The New Jersey Alternative Financial Aid Application allows NJ Dreamers enrolled in eligible New Jersey colleges and universities to apply for state financial aid.

WHO SHOULD COMPLETE THIS APPLICATION?

Complete this application if you are NOT a United States citizen or eligible noncitizen and you meet all of the following criteria:

- Attended a New Jersey high school for at least three (3) years
- Graduated from a New Jersey high school or received the equivalent of a high school diploma in New Jersey
- Registered for Selective Service (male students only)
- Are able to file an affidavit stating that you have filed an application to legalize your immigration status or will file an application as soon you are eligible to do so.

For more information and important deadlines or to apply, visit www.hesaa.org/Pages/NJAlternativeApplication.aspx

Once HESAA receives your completed application, you will receive information and next steps through the email address you supplied on the application.

HESAA will determine your eligibility for New Jersey state grants or request additional documentation.

All of the colleges or universities you listed on your application will have access to view your award eligibility.

You can also visit the financial aid office at the school you plan on attending or you can contact

HESAA Customer Care at 609-584-4480.

New Jersey Alternative Financial Aid Application is a confidential application that is used solely by the New Jersey Higher Education Student Assistance Authority (HESAA) to qualify students for state financial aid. It is not used for federal financial aid purposes. Information that is shared with HESAA via this application is used only by HESAA and partner colleges, universities, and other state agencies in order to administer grants and scholarships. HESAA will do everything within its authority and jurisdiction to protect the ongoing confidentiality of this information.

REAL MONEY 101

PLAN WISELY FOR A SUCCESSFUL **FUTURE**

When asked to identify the key ingredients of a successful future, many students believe it's getting into a good school or landing a great job. However, your future success and security will also depend greatly on your money management skills.

HESAA's Real Money 101 program is designed to introduce you to the world of budgeting, using credit wisely, and personal finance. Our program provides information and tools for students to use to achieve financial independence after graduation.

For many, your first credit obligation is repayment of federal student loans. Real Money 101 teaches you the principles of smart borrowing and the steps to take if you ever run into trouble repaying debts.

If you should default on a loan, the loan may be subject to collection costs and legal fees. There are many options to avoid default, including forbearance, deferment, loan consolidation, and income-based or extended repayment. You may also consult one of New Jersey's Licensed Budget and Credit Counseling Agencies found on the New Jersey Department of Banking and Insurance website. If you are experiencing problems, call your lender or HESAA right away to find out what options are available to you.

For more information about money and debt management, call HESAA at 609-584-4480, or view HESAA's Real Money 101 program at hesaa.org.

Atlantic Cape is a comprehensive two-year community college serving the residents of Atlantic and Cape May counties. The college offers over 40 career, transfer and workforce development programs to more than 6,000 students annually at three campuses in New Jersey: Atlantic City, Cape May Court House and Mays Landing. The college boasts several courses of study including nursing, aviation and drone technology, criminal justice, liberal arts and the Academy of Culinary

Arts, rated the No. 1 culinary school in New Jersey. In Fall 2022, Atlantic Cape will open its Innovation Center, home to its esports and cybersecurity majors. The Student Center has a lounge, game room, student club offices and career resources. Graduates can continue their education with any number of four-year institutions, including Rutgers University, which is located on the Mays Landing campus.

Based in Paramus, Bergen Community College, a public two-year coeducational college, enrolls more than 13,000 students at locations in Paramus, the Philip Ciarco Jr. Learning Center in Hackensack and Bergen Community College at the Meadowlands in Lyndhurst. The College offers 102 associate degree and certificate programs that prepare students for transfer to four-year institutions or for direct entry into a variety of professions. Classes are offered days, evenings, weekends, and online. Sixty student clubs and organizations, as well as thirteen intercollegiate athletic teams, provide for a wealth of student activities and events. Non-credit, professional courses are offered through The Division of Continuing Education & Workforce Development and the Institute for Learning in Retirement.

Quality

The College ranks No. 1 in New Jersey for associate degree graduates. Bergen's affordable tuition – even tuition-free for eligible students – and renowned faculty complement general education classes such as English Composition, General Biology and Statistics that remain ideal for transfer to many four-year colleges. Bergen offers associate degree and certificate programs in areas such as aviation, criminal justice, dental hygiene, fashion design and hospitality.

Affordability

Students considering enrolling at the College should first file their

Free Application for Federal Student Aid (FAFSA). Filing a FAFSA can help students become eligible for programs such as the state's tuition-free Community College Opportunity Grant, which has now expanded to include households making up to \$65,000 per year, and other tuition assistance programs. For more information on a tuition-free college experience, visit <https://free.bergen.edu/>.

Access

The College's one-stop campus environment connects students with registration, academic and wraparound support services such as:

- The Cerullo Learning Assistance Center, a nationally recognized tutoring center;
- The Center for Health Wellness and Personal Counseling, an office staffed with counselors to support mental health and well-being; and
- The Child Development Center, a nationally accredited early childhood learning facility.

Student Support Services Highlighted by the White House

First Lady Jill Biden, Ed.D. and U.S. Secretary of Education Miguel Cardona, Ed.D., applauded Bergen Community College's student support services during a visit to the institution's main campus on January 20, 2022. Biden and Cardona said Bergen represents a national model when it comes to developing innovative tactics that help students succeed.

At Bloomfield College, we believe a college should be measured by its ability to improve the lives of its students.

Bloomfield College holds the highest success rate among all New Jersey liberal arts colleges and universities at moving students forward in economic standing. The College is also among the nation's top colleges for

Bloomfield College students takes affordability seriously, with 95% of our students receiving financial aid, with many students able to attend our small, private college for at or below the direct cost of a public institution. We are also committed to cost transparency, having eliminated comprehensive and course fees. This means families know cost of attendance up front, with no hidden expenses or fees.

Bloomfield College also has a test-optional admission policy. This means those applying for admission have the option of not submitting standardized test scores (SAT, ACT), except in select circumstances.

Bloomfield College's programs are also some of the finest you'll

helping students from low-income families enter the middle and upper class.

Located in Bloomfield, New Jersey, Bloomfield College offers the lowest tuition of any private institution in the state.

Bloomfield College has been ranked as one of the 14 most diverse liberal arts colleges in the United States. As the only New Jersey institution to be recognized as both a Predominantly Black Institution (PBI) and Hispanic-Serving Institution (HSI), we take pride in our diversity.

find. Our Game Design program was named No. 1 in the state, and our Nursing program is consistently in the top 10.

We also featured Division II men's and women's athletics, with highly-regarded programs like our men's basketball team, which has earned eight trips to the NCAA Tournament during Head Coach Gerald Holmes' tenure.

Explore what it means to start the next chapter in your story with our family.

Brookdale will take you wherever you want to go. We offer over 65 academic degree programs, convenient locations throughout Monmouth County, online courses, a robust schedule of activities and clubs for students, and the services you need to be successful in your journey. We pride ourselves on the partnerships we have created with top 4-year colleges and universities to make your transfer process seamless and simple.

In the last few years alone, Brookdale students have transferred to Columbia, Cornell, and Georgetown universities. They have worked for NASA, started their own businesses, published books, and defeated celebrity chefs on national television. Each year we create thousands of success stories, and it all starts in the classroom. Our award-winning faculty strive to provide a university-level education in a collaborative, engaging environment. From our acclaimed honors program to our new academic tutoring center, we are here to serve students of all backgrounds and experience levels.

Each year Brookdale awards more than \$30 million in grants, scholarships, and other financial aid, including the Community College Opportunity Grant (CCOG), which offers free tuition for most programs for Independent students or dependent students whose parents income is \$65,000.00 or less. The average amount saved per year by attending Brookdale compared to a public four-year college is \$6,000. The average savings compared to a public four-year college out of state is \$20,000 and the savings over a private college is \$29,000. Those are annual savings.

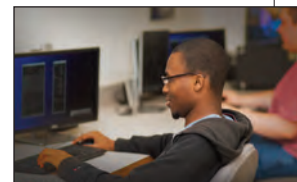

For students receiving an associate's degree in two years, that is a savings of up to \$58,000.

We have comprehensive career, internship, and transfer services; more than 50 student clubs and campus organizations; a dedicated Veteran's Center; free online and in-person tutoring; study abroad opportunities; art galleries and performing arts centers; national champion athletics programs; and a wide range of other benefits that are available to you from the moment you step on campus.

For degree seekers, we offer convenient partnerships with many four-year universities that allow students to transfer seamlessly, earn discounted tuition, and even earn a bachelor's degree without leaving Monmouth County. We also offer a wide range of career training programs – from nursing to paralegal to automotive technology – that are designed to lead straight into a new career.

No matter what your dream, Brookdale has the faculty, facilities, and support you need to see it through. Brookdale Community College, here will get you there!

Caldwell University is a private, Catholic, coed, four-year university with a strong liberal arts curriculum and nationally accredited professional programs. The University is located on a beautiful 70-acre campus nestled in the borough of Caldwell, New Jersey surrounded by parks and restaurants.

The University was founded by the Sisters of Saint Dominic of Caldwell, and its core values of respect, integrity, community and excellence underpin and inform academic and campus life.

Caldwell was named a Top 15 Best Value School for Regional Universities in the North by US News & World Report. Caldwell offers one of the lowest tuition costs for private colleges in New Jersey. Ninety-eight percent of the university's recent graduates are employed, enrolled in graduate school or have joined a service program. Through high-quality innovative programs, Caldwell University students are well-prepared to secure jobs in high-demand fields.

The University offers over 30 undergraduate programs and over 30 graduate and certificate programs including three doctoral programs, a Ph.D. in Applied Behavior Analysis (ABA) and a Ph.D. and an Ed.D. in Educational Leadership.

Five, exciting Bachelor of Science degrees have been added for fall 2022—Supply Chain Management, Business Analytics,

Exercise Science, Environmental Science, and Communication Science and Disorders. Popular undergraduate programs include Nursing, Business and Computer Science, Psychology, Criminal Justice, Biology and more.

Students appreciate the University's diverse atmosphere with students from 40 different countries, the welcoming environment, and the emphasis on academic excellence. The University provided over \$34 million in insti-

tutional grants and scholarships with over 96 percent of the undergraduates receiving some form of financial aid during the 2021-22 academic year.

Many of the graduates of the Bachelor of Science in Nursing and Public Health programs served on the front lines in hospitals and health care facilities during the Covid-19 pandemic. Students in the School of Business and Computer Science and other programs have the chance to learn in the new state-of-the-art Bloomberg Financial Markets Lab which features the same software and technology that is used globally by leading business and financial professionals. The School offers a Bachelor of Science in Esports Management which prepares students for careers in the popular electronic sports gaming industry.

Caldwell offers 15 intercollegiate athletic programs which compete at the NCAA Division II level including acrobatics and tumbling, a sprint football team which participates in the Collegiate Sprint Football League and a men's rugby club team.

Over 500 students reside on campus and can enjoy the University's new, state-of-the-art student lounge and esports gaming arena. Students can join the marching band, study-abroad experiences, campus ministry, student government, over forty clubs and organizations, Greek life and recreational sports.

Established in 1867, Centenary University is a private, non-profit, co-ed university delivering accredited degree programs and comprehensive learning experiences. We prepare students for regional and global professions of critical thought and purposeful action.

Centenary balances liberal arts studies with a focus on our students' career goals. The University encourages internships, and Centenary alumni are employed by Verizon, Atlantic Health, Mars/Wrigley, NY Jets, Liberty Science Center, Novartis, Unity Bank, Selective Insurance, Allstate, Nickelodeon, Essex County's Turtle Back Zoo, Ernst & Young, and more.

With a low faculty/student ratio and supportive campus community, Centenary provides traditional, accelerated, and online programs to fit every student's needs. We provide a supportive environment immersed in a culture of service. We offer associates and bachelor's degree in 59 programs, in addition to master's and doctorate degrees, and certification.

More than 100 principals, superintendents, directors, and supervisors have or are pursuing a degree at Centenary. Centenary's criminal justice program has educated many of the state's law enforcement professionals. The University is nationally recognized for our Equine Science Program. Centenary students are accepted to advanced veterinary programs at Cornell University, University of Pennsylvania, North Carolina State University, and University of Florida.

University, and University of Florida.

Centenary University is accredited by the Middle States Association, the National Association of State Directors for Teacher Education and Certification, the Teacher Education Accreditation Council (TEAC), the Council on Social Work Education (CSWE), and Specialized Accreditation by the International Assembly for Collegiate Business Education (IACBE).

Drew University is more than a place to earn your degree—it is the beginning of a successful, purpose-driven life.

Choose from 40+ majors, 60+ minors, 18 Dual-Degree programs, and 17 pre-professional programs. Every student graduates with a purpose, sought-after transferable skills, a network of mentors, and an experience-based résumé. That's why 94% of graduates are employed or in graduate school within six months of graduation.

Drew's professors do more than teach: they mentor, debate, challenge, and inspire. They care—about you and your learning. And they help you build your network of academic, career, and personal

advisors who will guide you along your path to graduation and beyond.

A vibrant, diverse, friendly, personal, and generous place, Drew is buzzing with student life. We offer 90+ student-run clubs and organizations, 22 NCAA Division III athletic teams, a wealth of campus events, and a world of wider opportunity.

Drew puts you in the center of everything. Our beautiful, wooded campus is full of historic buildings and state-of-the-art facilities—where students from all over the world come together to learn more about each other and themselves.

Drew's hometown of Madison, New Jersey, offers the comforts of small-town living with the benefits of big city adventure—we're only an hour-long train ride away from the capital of the world, New York City.

As a Drew student, you will engage in at least two experiences to build your résumé and explore your interests. You can participate in our one-of-a-kind New York City Semesters—on Wall Street, at the United Nations, with media giants, alongside grassroots organizers, in the contemporary art world, or on the theatre scene. You can take advantage of the many opportunities available to study abroad. If science is your interest, you'll have exceptional opportunities for advanced research in Drew's Summer Science Institute and Research Institute for Scientists Emeriti (RISE) programs.

You will find your purpose and forge your path as Drew's unique undergraduate experience puts you on a trajectory of success. We invite you to learn more at drew.edu.

EASTWICK COLLEGE

10 South Franklin Turnpike, Ramsey, NJ 07446 ■ Campuses: Ramsey, Hackensack, and Nutley

www.eastwick.edu ■ facebook.com/EastwickEducation ■ EastwickEdu

Admissions Office: Phone: 201-389-2670; Hours: Mon. – Thurs. 9 am-8 pm, Fri. 9 am-4 pm
Email Address: admissions@eastwick.edu **Driving Directions:** <https://eastwick.edu/campuses/>

According to a recent study by Georgetown University, Eastwick College is among the nation's top 100 two-year colleges for return on investment (also known as ROI). In fact, out of 1550 colleges nationwide, Eastwick College ranked within the top seven percent for this metric.

dents are provided the tools to build a brighter future, with a campus culture that encourages their confidence, creativity, and connection to the community.”

In fact, return on investment is just one of many metrics by which Eastwick College stands out when looking at the data collected by College Scorecard. It boasts one of lowest default

A graduate's return on investment is how much a student earns after graduating versus how much they spent on tuition. Using data collected by the U.S. Department of Education's College Scorecard, this study determined the colleges with the best ROI by looking at how much alumni earned at six, eight, and ten years after graduating when compared to the money they spent in college loans.

“The focus at Eastwick has always been about providing our students with a uniquely valuable education that extends beyond the traditional college model and I think these numbers are a testament to that approach,” explains Thomas M. Eastwick, president of Eastwick College and the HoHoKus School. “Our stu-

rates when compared to other two-year colleges in the state, which determines the number of students that don't end up paying back their student loans. And Eastwick ranks in the top 10 percent for graduate salaries among all New Jersey colleges and schools.

“At the end of the day the stories of success we receive from our graduates are the best proof of the value that we provide,” adds President Eastwick. “When a graduate reaches out to tell us how we helped them change their life for the better – that will always be the most valuable form of recognition we can receive.”

For a full list of programs and their campus availability, and to learn more about starting an Eastwick Education, visit eastwick.edu or call one of the campus numbers below.

Essex County College, a fully accredited public community college, has been serving residents for more than 50 years. Nearly 6,000 students pursue 50 Associate degree and dozens of Academic Certificate programs, along with numerous continuing education offerings on campuses in Newark and West Caldwell (West Essex). Students can choose from a convenient schedule of day, evening and weekend classes during two 15-week semesters, a winter intersession and two summer terms.

Online classes are also offered. More Essex graduates transfer to Rutgers University-Newark, New Jersey Institute of Technology and Montclair State University than from any other community college, as well as

\$120,000.

Essex County College is one of six community colleges nationally and the only one in New Jersey participating in the NASA Community College Aerospace Scholarship Program. The College's Educational Opportunity Fund is the state's largest among county colleges. Essex is the only two-year college in New Jersey designated both a Minority Serving and Hispanic Serving Institution as well as a member of the His-

panic Association of Colleges and Universities.

The Welcome Center provides a centralized location for both prospective and current students, with staff available to answer a wide range of registration, advisement and financial aid questions. Training, Inc.'s Work-

Development programs offer short-term training in emerging high demand fields, including Supply Chain Management and Cyber Security.

For more information go to www.essex.edu

many of the top universities in the nation. Essex has had more Jack Kent Cooke Foundation Transfer Scholars (17 since 2006) than any other two-year college in New Jersey. Each of these scholarships is

More than 100 career-oriented majors ... hands-on professional internships ... opportunities to do research and study abroad ... Division I and Division III sports ... generous academic scholarships and grants ... and a global perspective in all your studies. These are just some of the many reasons students make Fairleigh Dickinson University their college choice.

The Florham Campus in Madison features 178 acres of woods, gardens, and historic buildings. Just minutes from New York City, FDU's contemporary Metropolitan Campus in Teaneck attracts students from all over the world.

As New Jersey's largest private university, Fairleigh Dickinson offers all the resources students expect of a major university. But FDU's multi-campus structure creates very personal living and learning environments that emphasize small classes and close student-faculty interaction. The average class size is under 20 students — and all classes, including first-year studies, are taught by faculty, not graduate assistants.

FDU recently reduced its full-time undergraduate tuition rate for all incoming students on the New Jersey campuses.

RABBI JACOB JOSEPH SCHOOL

Rabbi Jacob Joseph School is a Jewish institution located in Edison, NJ that offers educational pathways and rabbinical training for students. The school enrolls over 100 students annually, providing students an excellent learning atmosphere.

Students applying for admission are most often asked to submit an application, transcripts, and records, as well as any requested personal statements, which will then be reviewed by admissions staff.

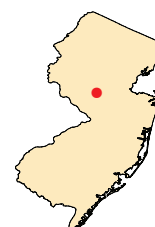

Rabbi Jacob Joseph School also provides academic guidance for students that may require additional help.

The cost of tuition at this school is nearly \$12,000, but may change yearly. Students may visit the school's tuition calculator to better understand their cost of attending this school. Rabbi Jacob Joseph School may provide financial assistance for potential students who are eligible as scholarships, grants, and loans.

This school is accredited by the Association of Advanced Rabbinical and Talmudic Schools, Accreditation Commission, having held that accreditation for the last twenty-three consecutive years.

Ranked for its diversity and as a top performer for social mobility and innovation by *U.S. News & World Report*, Kean University supports the intellectual, cultural and personal growth of students. Kean promotes equity in education and believes Kean Cougars climb higher together.

Kean is the most affordable comprehensive university in New Jersey and is nationally recognized as a First-Gen Forward Institution with over 42% of Kean students being the first in their families to attend college. Kean is the first urban research university in the state, a national Hispanic-serving institution, a top military-friendly school and on the Phi Theta Kappa transfer honor roll for several years. Through robust academics, and generous financial aid and support services, Kean provides an affordable, world-class education to students from all backgrounds.

Kean offers 50 undergraduate degrees and over 70 graduate options, many aligned with today's hottest careers, including global business, computer science and technology, communication, health care, education, architecture and design and more. Kean students learn in small classes from faculty who are nationally recognized scholars in their fields. Faculty in all disciplines mentor students in conducting research, presenting at conferences, working on projects for multinational corporations, and other academic and professional pursuits.

Kean's annual Research Days feature student and faculty research conducted in the University's state-of-the-art labs across academic disciplines. This multi-day, multi-site conference gives students and faculty the opportunity to present research findings, attend lectures and network with industry leaders.

Kean is renowned for its excellence in educating teachers and professionals in the health sciences fields. Kean students get hands-on experience through internships, field placements and access to top-notch research and laboratory facilities.

The University serves over 16,000 students worldwide, from its main campus in Union to additional locations and instructional sites in Toms River, Manahawkin, Jefferson Township and Scotch Plains, New Jersey, as well as Wenzhou, China. Students seeking flexibility in their schedules can choose Kean Online, named one of America's Top Online Colleges in 2022 by *Newsweek*.

Only 16 miles from New York City, Kean's 180-acre Union campus houses highly rated dorms, campus eateries, six art galleries, five state-of-the-art performance spaces and other cultural, recreational and health facilities. Kean University has more than 170 student organizations, including Greek life, 14 NCAA Division III sports teams and esports to give students the full college experience.

Whatever your interests, life position, or aspirations, whether you are fresh out of high school, a returning adult student, or a mid-life career changer, Mercer County Community College offers practical, abundant opportunities for higher education and continuing studies.

The convenience of two campuses plus distance/online learning, college affordability including financial aid and scholarship opportunities for those who qualify, and an open-door admission policy only begin the benefits and value of a Mercer education.

Our 70 associate degree and 30 credit certificate programs are among the most diversified and comprehensive in the nation. Included are transfer programs that prepare students for pursuit of a bachelor's degree and

career programs that prepare for more immediate employment. Unique studies include aviation, culinary, entertainment technology, exercise science, fashion design, funeral services, game design, and horticulture. The Mercer Honors Program offers an enriched academic experience while advanced degrees can be achieved through The University Center at Mercer.

Beyond the classroom, Mercer offers abundant opportunities for leadership development, community service, academic and career enrichment, and social interaction. Our 10 teams account for one of the most successful two-year intercollegiate athletic programs in the nation.

Located one mile from the coast in beautiful West Long Branch, Monmouth University is a top tier private institution that is home to innovative academic programs, expert faculty, and nationally ranked Division I athletics.

Monmouth offers more than 50 undergraduate and graduate degree programs, as well as four doctoral programs in educational leadership, nursing practice, social work, and oc-

nology. Situated between New York City and Philadelphia, Monmouth provides students with easy access to internship and fieldwork placements in a range of disciplines, from politics to science to health care to finance to law to entertainment.

Monmouth University is listed in *U.S. News & World Report's* "Best Colleges," *The Princeton Review's* "The Best 387 Col-

cupational therapy. Students here receive individual attention from faculty who are as accessible as they are award-winning. At Monmouth, professors know their students by name. They care about their students' passions, and empower student growth by involving them in their research and scholarship.

The university's campus—named one of the most beautiful in the world—blends classic beauty with the latest tech-

leges," and *Money* magazine's "Best Colleges for Your Money;" and *Washington Monthly's* annual college guide and rankings.

At Montclair State University, you get the best of both worlds: the resources of a national research university combined with the personal attention of a small college, all in a welcoming and richly diverse community. Choose from more than 300 paths of study, build lifelong relationships with world-class professors, and conduct exciting research in brand-new facilities designed for creative collaboration.

Recognized as a doctoral university with high research activity by the Carnegie Classification of Institutions of Higher Education and as one of four state public research universities by New Jersey, Montclair State encourages academic excellence from day one. High-achieving first-year New Jersey students are eligible for the Presidential Scholars Program, which provides special academic and career prep opportunities along with an annual \$5,000 scholarship.

We also lay the groundwork for professional success. Our School of Communication and Media prepares students for

careers in communications, television, and digital media, while our School of Nursing trains budding nurses to keep pace with a rapidly evolving field. Plus, you can connect your classroom studies with on-the-job experience through internships in the New York City area, or broaden your global horizons by studying abroad in over 60 countries.

Located just 12 miles from New York City, our beautiful 252-acre campus meets every student's needs – from The Heights, one of NJ's largest residential and dining complex, to a dozen dining locations (now featuring vegetarian, vegan, and allergen-free options). In their downtime, Montclair State students participate in more than 120 clubs and organizations, enjoy an eclectic lineup of on-campus cultural events, and cheer on our 18 NCAA Division III varsity teams.

Come find out why *Forbes* named us “New Jersey’s best public university.”

New Jersey City University is an institution of higher learning with an audacious goal: the development of our students, our city, our communities, our state, and the world beyond. We are a game-changing force for our students and their families. Whether our students are enrolled in one of our 50 undergraduate and 30 graduate programs, NJCU provides an affordable, diverse environment, and an exceptionally supportive faculty—all of which prepares them to be critical thinkers in a global landscape.

We're also changing the game for our city, our communities, and our state. As the educational anchor

institution in Jersey City, we've established partnerships to ensure the area's growth directly benefits our students and community members. We seek to improve the lives of everyone in the Garden State, whether creating a home for the arts, bringing educational programs to K-12 students, offering bachelor's degrees in partnership with community colleges, or providing professional development opportunities for adults.

At NJCU, we're not just educating minds, we're nourishing souls and lifting communities. We're changing the game.

New Jersey Institute of Technology (NJIT) is one of the nation’s leading public polytechnic universities and a top-tier research university that prepares students to become leaders in the technology-dependent economy of the 21st century. NJIT’s multidisciplinary curriculum and STEM-intensive approach to education provide technological proficiency, business acumen, and leadership skills. With an enrollment of 11,900 undergraduate and graduate students, NJIT offers small-campus intimacy with the resources of a major public research university.

NJIT is a global leader in fields such as solar research, nanotechnology, resilient design, tissue engineering, and cybersecurity, to name a few. NJIT is rated an “R1” research university by the Carnegie Classification® and

has research expenditures topping \$167 million. Additionally, NJIT has a \$2.8 billion economic impact on the state of New Jersey.

NJIT is among the top 2% of public colleges and universities in return on educational investment, according to PayScale.com. NJIT also is ranked No.1 nationally by Forbes for the upward economic mobility of its lowest-income students, and is a Top 50 public national university, according to U.S. News and World Report.

Moreover, NJIT is home to 19 sports teams and competes at the NCAA Division-I level as a member of the America East Conference. It also offers a variety of club and intramural programs.

Admissions Office: (732) 255-0400 ext. 2960 • Mon., Tues., Thurs. 8 a.m. - 6 p.m.; Wed. 8 a.m. - 7 p.m.; Fri. 8 a.m. - 5 p.m.

Email Address: HUB@ocean.edu **Driving Directions:** go.ocean.edu/directions

Since its founding in 1964 as New Jersey's first county college, Ocean County College (OCC) has been dedicated to educating and serving residents of the county and beyond, as an innovative academic leader. OCC's hallmark has always been affordable, student-centered, high-quality education that prepares and empowers diverse learners to contribute to and succeed in varied, global societies. Its vibrancy and dedication to student success is evident in its growing campus, expanded programming, increased partnerships and collaborations, international focus and online learning expertise.

As a public, two-year community college, OCC is sponsored by Ocean County, the state of New Jersey and the College's students who are all ages and at all stages of life. Its main campus is set on 425 acres, surrounded by an additional 575 acres of non-developable land in Toms River, New Jersey (the county seat). OCC is a comprehensive, open admissions institution providing postsecondary associate degree and certificate programs on its main campus and at 14 additional locations, including the Southern Education Center in Manahawkin, at several other instructional sites, and through distance learning.

OCC offers three degrees, the Associate in Arts (A.A.), the Associate in Science (A.S.) and the Associate in Applied Science (A.A.S.), in a variety of subjects. Currently, there are 24 degree programs, including the award-winning Nursing Program. OCC offers many other options, transfer tracks (joint admission programs with New Jersey colleges and universities), and areas of emphasis. Certificate programs are offered in more than 40 areas of study; one of the most popular is Accounting.

OCC continues its expansion to local high schools and partnerships with universities in the United States and abroad. Its commitment to online learning and innovation has helped with this growth and was instrumental in providing for its continued success even during the pandemic. As of fall 2020, OCC has helped students save even more money by bundling the cost of fees, books and electronic materials with tuition.

ACADEMIC YEAR

For over 50 years, PCCC has provided affordable excellence in higher education to residents of Passaic County. PCCC maintains a main campus in historic downtown Paterson, as well as locations in Passaic, Wanaque, and Wayne, plus a robust online learning program. PCCC offers over 70 degree and certificate programs in liberal arts, culinary arts, fine and performing arts, healthcare, and more. The STEM program provides students with hands-on experience in cutting-edge facilities that include flight simulators for the avionics programs. PCCC's students have consistently been selected for internships with the NASA Community College Aerospace Scholars (NCAS) program. PCCC offers a rigorous Honors Program curriculum for high-achieving students who seek more challenge and enrichment in their college education. Additionally, PCCC is home to one of the most recognized chapters (Alpha Eta Chi) of Phi Theta Kappa, the largest international honor society for two-year colleges. Committed to keeping higher education affordable, PCCC introduced an in-

novative partnership, Ramapo@PCCC, that enables individuals who have an associate's degree in selected fields to earn a bachelor's degree from Ramapo College of New Jersey at a significant cost savings by attending classes at PCCC and paying reduced tuition rates. Also, dual-enrollment opportunities enable qualifying high

school students to earn affordable college credits while still in high school. Named an Achieving the Dream Leader College, PCCC provides strong tutoring and advisement support for college completion. Articulation agreements with over 20 colleges and universities enable a smooth transfer process to a four-year institution. A vibrant student life offers leadership and community service opportunities through the Student Government Association, the Visions student newspaper, and over 20 student-run clubs. Higher education has become even more accessible with the New Jersey Community College Opportunity Grant, enabling qualifying students to attend college classes tuition free. For more information about PCCC visit pccc.edu

Pillar College educates, inspires, and equips students for excellent scholarship, service, and leadership. Rooted in and committed to Christian faith, Pillar College fosters intellectual, spiritual, and social development among its diverse student population at various instructional sites. Founded in 1908, Pillar College is New Jersey's only accredited evangelical Christian college and holds the highest accreditation available to any college or university. The college has campus locations in Newark, Somerset, Paterson, Plainfield, Jersey City, and other instructional sites in New Jersey.

The student body includes a broad spectrum of ages, races, interests, and personalities, reflecting the wide diversity of the metropolitan corridor of the Northeast. The undergraduate degree programs available are: A.A. degree in General Studies, B.A. degrees in Biblical Studies, Elementary Education, Business Administration & Management, Psychology & Counseling, Organizational Leadership, Intercultural Communication, and a B.S. in Applied Chemistry. Pillar College has the only B.A. in Elementary Education degree program in Newark NJ. There are three graduate degree programs: the MBA in Social Sector Management (online) MA in Counseling, and MA in Ministry Leadership.

Faculty and students get to know each other as the student

teacher ratio is 12-1 and programs are cohort-based. Adults who have had some college credit can complete their bachelor degrees utilizing the LEAD (Life Enhancing Accelerated Degree) program in as little as two years. LEAD has been

ranked the #1 accelerated degree program in the state by Intelligent.com. High school students attending public, private or home school who become part of the DEED (Dual Enrollment Education) program, can earn up to 30 college credits while getting their high

school diploma. DEED can be taken at Pillar College or at the student's high school affiliated with the program. Programa BLEND (Bi-Lingual Entry Degree) currently offered in Spanish with plans to expand, assists ESL (English as Second Language) students in getting their associate degree in their native language while learning English.

Pillar College offers a unique blend of spiritual enrichment, academic excellence, and social fulfillment. Through Godly instructors, rich curricula in career-shaping majors, spiritually enthusiastic students, valuable enriching internships, and global learning experiences, Pillar College offers students what they need to be equipped for their future.

Princeton is a world-class teaching and research university with a profound and distinctive commitment to undergraduate education. Through its groundbreaking financial aid program, Princeton ensures that all

qualified students who are accepted can afford to attend the University and graduate with little or no debt. More than ever, Princeton seeks to enroll the most talented students from a broad spectrum of cultural, ethnic and economic backgrounds. Students' experiences inside and outside the classroom prepare them for service, leadership and lifelong learning. Princeton emphasizes creativity, innovation and collaboration with a program of liberal arts in the humanities, arts, social sciences, natural sciences and engineering. Princeton's low student-to-faculty ratio means students are able to develop close working relationships with professors, who are leaders in their fields. We expect every faculty member

to teach, and we expect every student to do original, creative research. Our approximately 5,400 undergraduate students are part of a vibrant campus community, and students stay connected to a Princeton community that spans the globe long after

they have graduated. Students are encouraged to explore many academic and extracurricular opportunities while taking advantage of the University's extraordinary facilities and resources. We are a community of learning that is enriched by the varied experiences and perspectives of our students, faculty and staff. Classrooms are filled with students and faculty from a wide range of backgrounds from across the country and around the world, and students benefit from the interdisciplinary connections at the core of Princeton's curriculum. We invite you to explore more about what makes Princeton special and contributes to the transformative experience that is a Princeton education.

Ramapo College of New Jersey has been awarded among *Condé Nast Traveler's* 50 most beautiful campuses in the country, Best Dorms in NJ by Niche.com, and ranked by *U.S. News & World Report* as one of the top in the Best Regional Public Universities North category. Nestled in the foothills of the Ramapo Mountains on the New Jersey/New York border, Ramapo College's beautiful 300-acre suburban campus is also just a short commute to New York City. Its location gives students access to an abundance of internship opportunities and the world-class experiences found in the city.

Ramapo College boasts an average student/faculty ratio of 16:1 and an average class size of 21, allowing the 6,200 students the opportunity to develop close ties to the College's exceptional faculty. Undergraduate students may choose to concentrate their studies in one of five schools with more than 540 course offerings and 40 academic majors. Bachelor's degrees are awarded in the arts, business, humanities, social sciences and the sciences, as well as in professional studies, which include business, elementary education, nursing and social work. The College offers articulated programs, including dental, optometry, pharmacy, chiropractic and health professions, as well as visual arts therapy and

law, in conjunction with colleges and institutions in New Jersey and New York. Additionally, Ramapo has established innovative partnerships with several community colleges in New Jersey, including an innovative 3+1 program with Passaic County Community College to allow students a more affordable path to a bachelor's degree.

Convenient part-time graduate programs lead to master's degrees in Accounting, Applied Mathematics, Business Administration, Computer Science, Contemporary Instructional

Design, Creative Music Technology, Data Science, Educational Leadership, Nursing, Social Work, and Special Education. Ramapo also offers a Doctorate in Nursing Practice.

Additional accolades include: Ranked Number One among the public institutions in New Jersey by College Choice; Listed

among the top 10 college campuses in the country for students with physical disabilities by CollegeMagazine.com; a Top College for the value by *Money Magazine*; among the *Princeton Review's* "Best in the Northeast"; a "Military Friendly School" in *Victory Media's Guide to Military Friendly Schools*, one of the nation's Best Bachelor's in Social Work by College Choice, on CollegesofDistinction.com for excellence in student-focused higher education; and a Top 10 New Jersey College by *College Consensus*.

When you are a Rider Bronc, you are free to engage, free to change and free to explore. That might mean studying subjects you've loved for years. Or following one interest to the next until you arrive exactly where you are meant to be. There are so many possibilities ahead, and all you have to do is take the first step with us.

What distinguishes Rider from other universities is the sum of the many experiences we offer you – in and out of the classroom – from your first day on campus to graduation and beyond. Every Rider student completes at least two high-impact Engaged Learning experiences, such as internships, guided research and field work, or community service opportunities prior to

graduation (in fact, we require it!). Plus, you'll have the opportunity to incorporate an Enriched Career Experience into your academic journey by working closely with a Rider career coach to secure professional development training that sets you up for career success after graduation.

A life-changing Rider education is more accessible and more valuable for undergraduate students than ever thanks to generous scholarships for students, investments in resources and staff to support your career development and success, and upgrades to infrastructure and facilities. Learn more at [rider.edu/lifting-barriers](https://www.rider.edu/lifting-barriers).

Rowan College of South Jersey (RCSJ) is the first regional, dual-campus college in New Jersey. The merger between Rowan College at Gloucester County and Cumberland County College in 2019 marked an important milestone in the history of community colleges, providing students with affordable access to one-of-a-kind educational opportunities, at one of the lowest tuition rates in the state.

Serving more than 9,000 full- and part-time students in Cumberland and Gloucester counties, the two campuses and online options provide students with over 100 combined degree and certificate choices.

A unique “3+1” partnership with Rowan University makes earning a bachelor’s degree more affordable by allowing students in select majors to attend RCSJ for three years at the community college rate, and then complete the final year of their baccalaureate program at Rowan University at the university rate.

Learning is a lifelong activity to be pursued at any age, which is why RCSJ offers industry-recognized certifications, career-focused degree and certificate options, college credits for prior learning, and apprenticeship programs through the College’s Career & Technical Education Division.

Rowan University, a national top 100 public research university, continues its bold and visionary transformation. The University — with campuses in Glassboro, Camden, and Stratford — prides itself on providing its nearly 23,000 students with outstanding education, affordability and access. While committed to conducting practical research at the intersection of engineering, medicine, science and technology, its core mission is undergraduate education.

The University offers 90 bachelor's, 48 master's and 11 professional/doctoral degree programs within eight colleges and nine schools. Students can pursue their degrees on Rowan's campuses, online and at several partnering community colleges. Rowan is one of only three institutions in the nation to offer M.D. and D.O. degrees. It plans to establish New Jersey's first veterinary school in 2025.

As the fourth fastest-growing research university in the nation, Rowan is a dynamic leader.

Since 2012, the University has:

- earned ranking as 88th among the nation's top public colleges and universities, according to *U.S. News & World Report*.
- worked with county colleges to deliver 3+1 bachelor's degree programs for as low as \$25,000 and collaborated with the business community to create programs that meet regional workforce needs.
- kept undergraduate tuition at or below the expected rate of inflation (since 2014).
- completed the \$426 million Rowan Boulevard project with public-private partners, expanding capacity for the institution and investing in the community.
- partnered with Virtua Health, the largest health system in southern New Jersey, to advance medical education and health care in the region.
- broadened collaborations, including those with Lockheed Martin, NASA, NIH and FAA.

As The State University of New Jersey, a leading national public research university, and New Jersey's top academic health care provider, Rutgers fulfills its mission to provide learning, discovery, innovation, service, and health care at the highest levels. The university has locations in Camden, Newark, and New Brunswick and has a major academic and clinical health sciences presence that spans across the state. Each regional location offers its own distinct personality: Rutgers University-New Brunswick is the flagship location, offering a classic undergraduate experience at a major research university; Rutgers University-Newark is among the most ethnically diverse campuses in the nation and offers a dynamic urban atmosphere; and Rutgers University-Camden is known for its close-knit community just across the river from downtown Philadelphia.

With over 150 undergraduate majors, 400+ graduate programs, and 300+ research centers, Rutgers is an academic, health, and research powerhouse and a university of opportunity. Rutgers is constantly breaking new ground and generating new knowledge; supporting pioneering work in stem cells, climate change, DNA analysis, and more. Our locations close to New York City and Philadelphia provide students with access to hundreds of employers, thousands of internships, and the best art and entertainment. While costs remain low, approximately 71% of entering undergraduates receive some form of financial aid, averaging \$18,779 per year. Each year a number of talented students receive academic scholarships. Rutgers comprises a bustling and vibrant community of diverse individuals.

We are a value-based community made up of thinkers, doers, realists, and risk takers. Rooted in the Catholic liberal arts tradition, we help turn passions into real-world professions and attract learners with strong convictions. Our close-knit environment grounded in a history of leadership in service to others gives students the focused education and mentorship they need to transform their communities.

Since our inception in 1899, Saint Elizabeth University remains committed to the vision of its sponsors,

the Sisters of Charity of Saint Elizabeth, to provide higher education to those who have not traditionally had access to it. Serving the needs of women, students of color, those who lack adequate financial resources, and those who would benefit from a nurturing, supportive environment remain essential to carrying out the fundamental mission of SEU.

Founded in 1872, Saint Peter's University is a four-year private university in Jersey City, New Jersey. One of 27 Jesuit institutions, Saint Peter's is committed to individual attention and grounding in the liberal arts, educating a diverse community of learners in undergraduate, graduate and professional programs to excel intellectually, lead ethically, serve compassionately and promote justice in our ever-changing urban and global

environment.

Just 12 minutes away from New York City and steps from downtown Jersey City, opportunity is at students' footsteps. Internships at top companies like Goldman Sachs, Morgan Stanley, and Fidelity Investments are only moments from campus. 65 percent of our seniors hold internships giving the University a 95 percent placement rate upon graduation.

ACADEMIC YEAR

Tuition: \$18,830 per semester FT flat rate /\$37,660 per year flat rate /\$595 per credit per credit for PT or for credits above the flat rate. **Fees:** Comprehensive full-time undergraduate fee of \$550 per semester/ \$1,100 per year.

Salem Community College offers nearly 40 associate degree and certificate programs in a variety of areas including nursing, technology, art, science and business.

Of particular note, SCC offers degrees in Scientific Glass Technology and Glass Art, which attract students from across the state and nation. Scientific Glass Technology – which teaches students how to create glass apparatus for scientific research in laboratories, universities and industry — is the only program of its kind in the nation. Glass Art provides students with a carefully planned program of study that focuses on exploring contemporary glass. The program emphasizes the lineage of glass-art making, while at the same time, glass art students push the boundaries of the material as they see fit. Students explore the material in a 20,000-square-foot, state-of-the-art Glass Center.

One of the country's leading Catholic universities, Seton Hall has been showing the world what great minds can do since 1856. Home to nearly 10,000 undergraduate and graduate students and offering more than 90 rigorous undergraduate and 120 graduate programs, Seton Hall's academic excellence has been singled out for distinction by *The Princeton Review*, *U.S. News & World Report*, and *Bloomberg Businessweek*.

Seton Hall embraces students of all religions and prepares them to be exemplary servant leaders and global citizens. In recent years, the University has achieved extraordinary success. Since 2009, it has seen record-breaking undergraduate enrollment growth and an impressive 110-point increase in the average SAT scores of incoming freshmen. In the past decade, Seton Hall students and alumni have received more than 30 Fulbright Scholarships as well as other prestigious aca-

demical honors, including Boren Awards, Pickering Fellowships, Udall Scholarships, and a Rhodes Scholarship. In addition to sustained rigorous academic excellence among students, the University embraces inclusion and diversity in all forms and its identity as a university of opportunity, and is proud to be the third most diverse national Catholic university in the nation.

The University's beautiful main campus in suburban South Orange, NJ, is only 14 miles from New York City — offering students a wealth of employment, internship, cultural, and entertainment opportunities. Seton Hall's nationally recognized School of Law is located prominently in downtown Newark. The Interprofessional Health Sciences (IHS) campus in Clifton and Nutley, NJ, houses the University's College of Nursing, School of Health and Medical Sciences, and the Hackensack Meridian School of Medicine.

Stevens Institute of Technology is a premier research university focused on advancing technology and science to solve the world's most pressing challenges. Located in Hoboken, New Jersey — one of the nation's top-rated college towns — Stevens offers a mix of cosmopolitan life: riverside green spaces, skyline views and easy access to New York City only 10 minutes away. In addition to stellar

engineering, science and computer science programs, the university has also developed exciting, high-impact programs in business, arts and the humanities, focusing on areas where these fields are empowered by technology. This technology-first approach yields stellar results for students, who are highly sought-after by employers and top graduate and professional schools. Robust internship and cooperative education programs, and a Career Center recognized as among the best in the nation, give Stevens graduates additional advantages in today's competitive job market. Graduates advance rapidly in the

workplace, earning some of the highest starting and mid-career salaries in the nation and realizing very high ROI. Stevens students are intelligent, motivated and involved. This spirit extends to life on and off campus, from the performing arts to community service, from club and varsity sports to entrepreneurial ventures that take root as viable businesses. Stevens has revitalized its physical and technology infrastructure, creating interactive learning and research spaces that cultivate interdisciplinary collaboration, state-of-the-art laboratories that inspire and facilitate pioneering research and development, and modern residential and social spaces for students to live and grow — including a brand new University Center Complex that houses approximately 1,000 students in residential towers with skyline views of New York City. The University has also heavily invested in a sustainable campus for the future, earning national recognition and awards for its green initiatives. Stevens is committed to a welcoming environment and has invested in a number of programs to expand campus diversity and inclusion. It is an ideal destination for motivated students ready to take advantage of all Stevens has to offer.

Choose how you live and learn at Stockton University. The main Galloway campus, located on 1,600 wooded acres in the Pinelands Natural Reserve, is just minutes away from our beachfront Atlantic City campus and one hour from Philadelphia. Stockton's 12-month housing option allows students to live in the Atlantic City Residential Complex while working or interning in one of the Jersey Shore's premier tourist destinations.

With the new Stockton Promise and Garden State guarantee grant programs, eligible students can receive free tuition & fees for up to four years. Merit scholarships and financial aid are available, with almost \$15 million in total scholarships awarded and over 80% of Stockton students receiving financial aid.

Experiential education and service learning are integral parts of the Stockton experience. There are numerous hands-on opportunities within our sustainability lab, Marine Field Station, exercise science lab, nursing simulation

center, Noyes Art Museum, and WLFR radio station, just to name a few. Additionally, there are research grants and fellowships available for student-initiated projects. Students are encouraged to get involved outside of the classroom as well. There are more than 200 clubs and organizations, including honors societies, recreational clubs, and academic interest groups. Stockton athletic teams have won NCAA Division III Championships, as well as ECAC and NJAC titles.

Stockton is ranked among the top 10 public universities in the North, as well as the top 10 best colleges for veterans and top 20 most innovative schools, by U.S. News and World Report. The university's commitment to cultural diversity and its welcoming and vibrant community makes it a great place to continue your education. Sussex County Community College (SCCC) is a two-year comprehensive institution located on a beautiful 167-acre campus in Newton, NJ. Enrollment continues to display vitality, with nearly 2,100 students registered in credit courses each semester. SCCC delivers programs designed to transfer to four-year institutions and programs designed to enter the workforce directly to support the region's economic prosperity. With over 70 degrees, degree options, and professional certificates, SCCC gives students of all ages options to find the career path that suits them best. In addition, new Robotics Technology, Culinary, and Electrical Lineman programs are in place for 2022.

The College boasts small class sizes and prides itself on being student-centered and committed to lifelong learning. As a result, students can engage in a rich campus life that mirrors a four-year institution, with an honors program, regionally ranked athletics, and a host of clubs and activities. Sussex provides students with a full-rounded college experience.

SCCC graduates transfer seamlessly to all four-year colleges in New Jersey and over 300+ institutions nationwide. The College is accredited through the Middle States Commission on Higher Education.

The College of New Jersey is a highly competitive institution regularly recognized as one of the nation's top comprehensive colleges. Founded in 1855 as the New Jersey State Normal School, TCNJ is consistently ranked by U.S. News & World Report as the No. 1 public institution among regional universities in the north. It maintains the seventh highest four-year graduation rate among all public colleges and universities.

The college is situated on 289 tree-lined acres in Central New Jersey's suburban Ewing Township. A strong liberal arts core forms the foundation for a wealth of degree programs within seven schools: Arts and Communication; Business; Education; Engineering; Hu-

manities and Social Sciences; Nursing and Health Sciences. The TCNJ experience focuses on a personalized, collaborative and rigorous education; undergraduate research, mentored internships and field experiences; community-engaged learning; global engagement; and leadership development.

TCNJ believes in the transformative power of education to develop critical thinkers, responsible citizens, and lifelong learners and leaders. Students thrive in an incredibly welcoming, supportive environment where they're part of both a community and a family, faculty serve as mentors and partners, and the campus feels like home.

Thomas Edison State University provides distinctive undergraduate and graduate education for self-directed adults through flexible, high-quality, collegiate learning and assessment opportunities. One of New Jersey's senior public institutions of higher education, the University offers associate, bachelor's, master's, and doctoral degrees in more than 100 areas of study as well as undergraduate and graduate certificates.

Students earn degrees through a wide variety of rigorous and high-quality academic methods that can be

customized to meet their individual needs. Identified by *The New York Times* as “the college that paved the way for flexibility,” Thomas Edison State University is a national leader in the assessment of adult learning and a pioneer in the use of educational technologies. The University provides community college graduates with a seamless transition to a bachelor's degree program through a generous credit transfer policy and flexible programs that enable students to earn their degrees wherever they live or work.

Community is important at Warren because we believe your success depends upon an environment that's as nurturing and safe as it is enriching. Students come to find an inclusive and supportive atmosphere. You'll find friendly faces that welcome you as the person you are and encourage you to grow into the person you want to become tomorrow.

You'll feel safe on our well-cleaned, well-maintained campus conveniently located near routes 22, 31, and 78. What makes Warren so special is the strong sense of engagement you'll have with your fellow students, faculty members, and the administration. You'll find encouragement and support everywhere, and it begins the minute you decide to join us.

Our mission is our students. We provide quality

higher education and support services at the most affordable tuition and fees in our region. Whether you choose a career track degree or continue at a four-year institution, Warren is relevant to your future career success and is regionally accredited to successfully transfer your associate degree.

We are always improving, and our newest programs are in unmanned aerial systems/drone technology and addictions counseling. We offer diverse instruction delivery: face-to-face, remote, hybrid, and distance education. We keep expenses low with a digital textbook sub-

scription for all textbooks and free access to library databases and tutoring available on campus and online. Join us and see what makes Warren Community College a special place for you to learn and grow.

ACADEMIC YEAR

Annual Tuition: \$4,800
 Per Credit Tuition: \$160

FINANCIAL AID

Application Deadline: August 1 (fall); January 3 (spring); and May 1 (summer) to determine eligibility before payment is due

Founded in 1855, William Paterson University is a public university committed to academic excellence and student success. Located on a 407-acre wooded campus in suburban Wayne, New Jersey, it offers nearly 150 bachelor’s, master’s undergraduate and graduate certificate programs and three doctoral programs, serving students from a diversity of backgrounds. Throughout our outstanding academic programs, students connect with professors who are not only experts in their fields but also bring industry knowledge to the classroom. Students benefit from experiential learning, including undergraduate research, internships, and civic engagement opportunities.

At William Paterson, students come to us with inspiration, perseverance, and grit, and we match their determination with a full range of tools and support to help them succeed. The innovative Will. Power. 101 first-year experience program is unique among New Jersey colleges and universities—offering workshops on practical skills along with friendship and peer encouragement. The University is dedicated to

making college affordable through scholarships, grants, work-study, out-of-state waivers, our Pledge 4 Success/Garden State Guarantee program for students with exceptional financial need, and a host of other options.

The University provides a range of campus support systems for all aspects of student life: a wide array of mentoring and support, social resources for all of our students, and an environment where individuals of all cultures and identities are understood, included and valued. Students benefit from a wide variety of student activities, modern on-campus housing, and the most up-to-date educational facilities.

At William Paterson, more than 45 percent of our students are the first in their families to attend college. In 2021, the University was named among the top 3 percent of colleges in the nation for helping students from lower-income families to graduate and attain good paying jobs. The University is designated as a Hispanic-serving institution with nearly 30 percent of its students claiming Hispanic heritage.

ACADEMIC YEAR

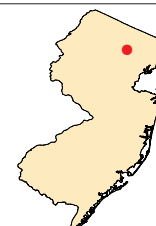

Annual Tuition & Fees: \$14,624 • Per Credit Tuition: \$469
 Annual Room & Board: \$13,040

FINANCIAL AID

Application deadline: May 1; Phone: 973-720.2202; Email: FinAid@wpunj.edu; Hours: Mon. – Fri., 8:30 a.m. – 4:30 p.m.; Financial aid available for qualified students.

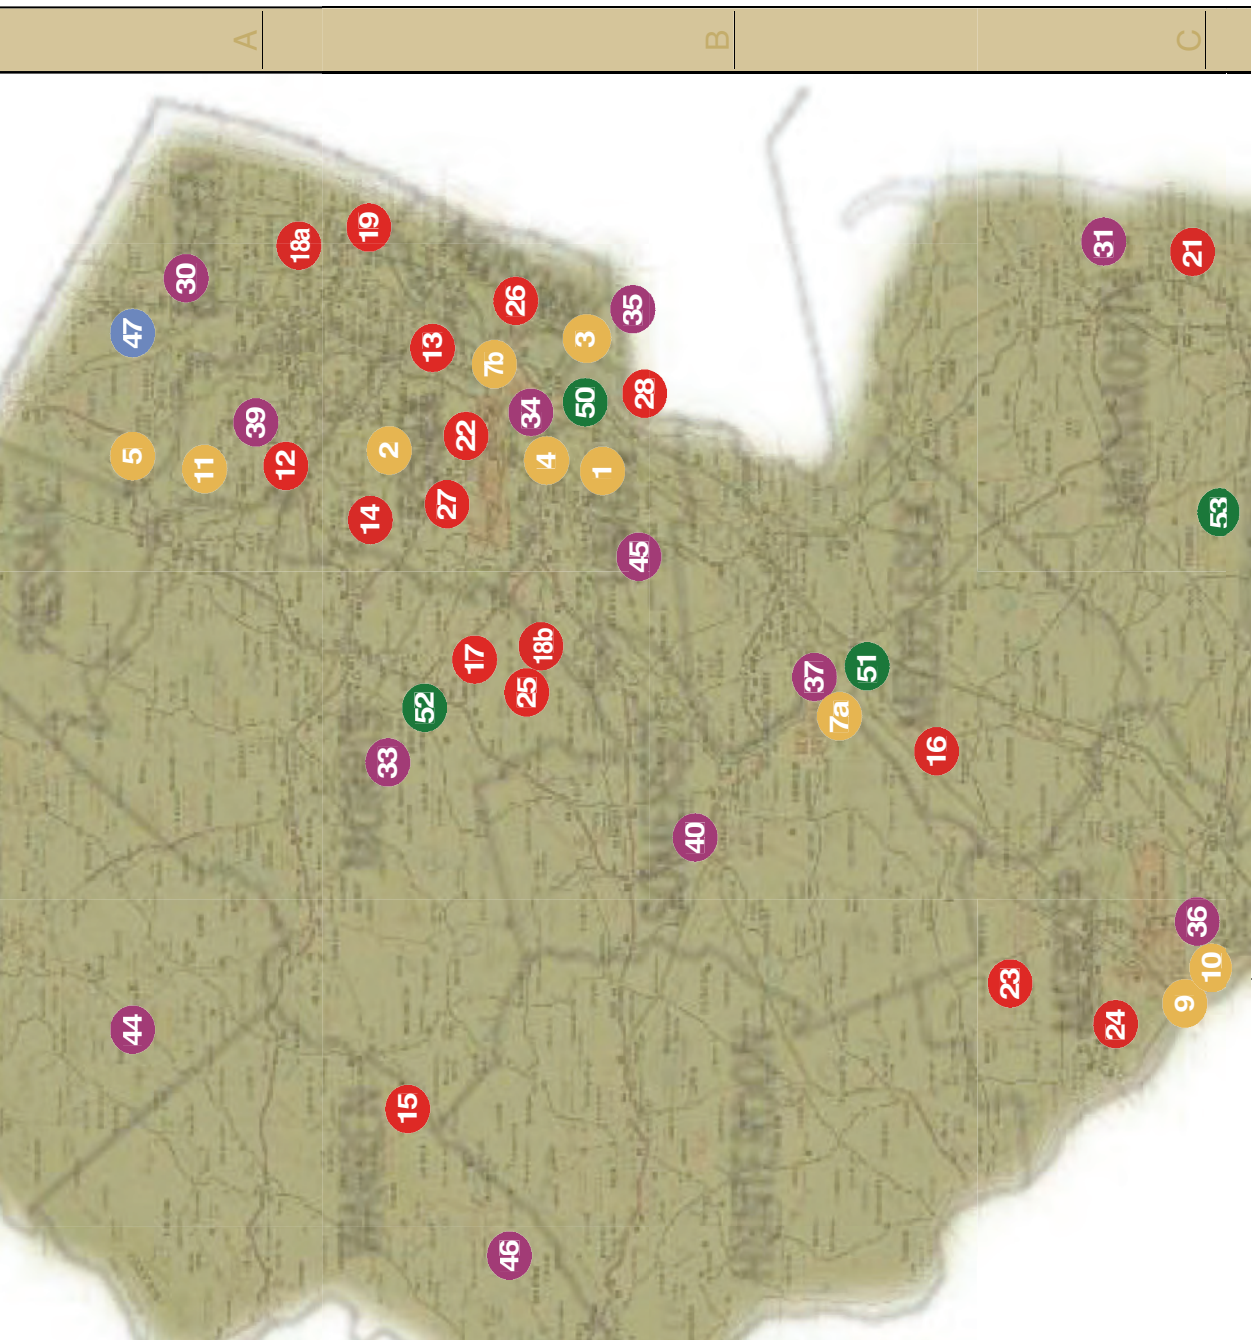

OTHER INFORMATION

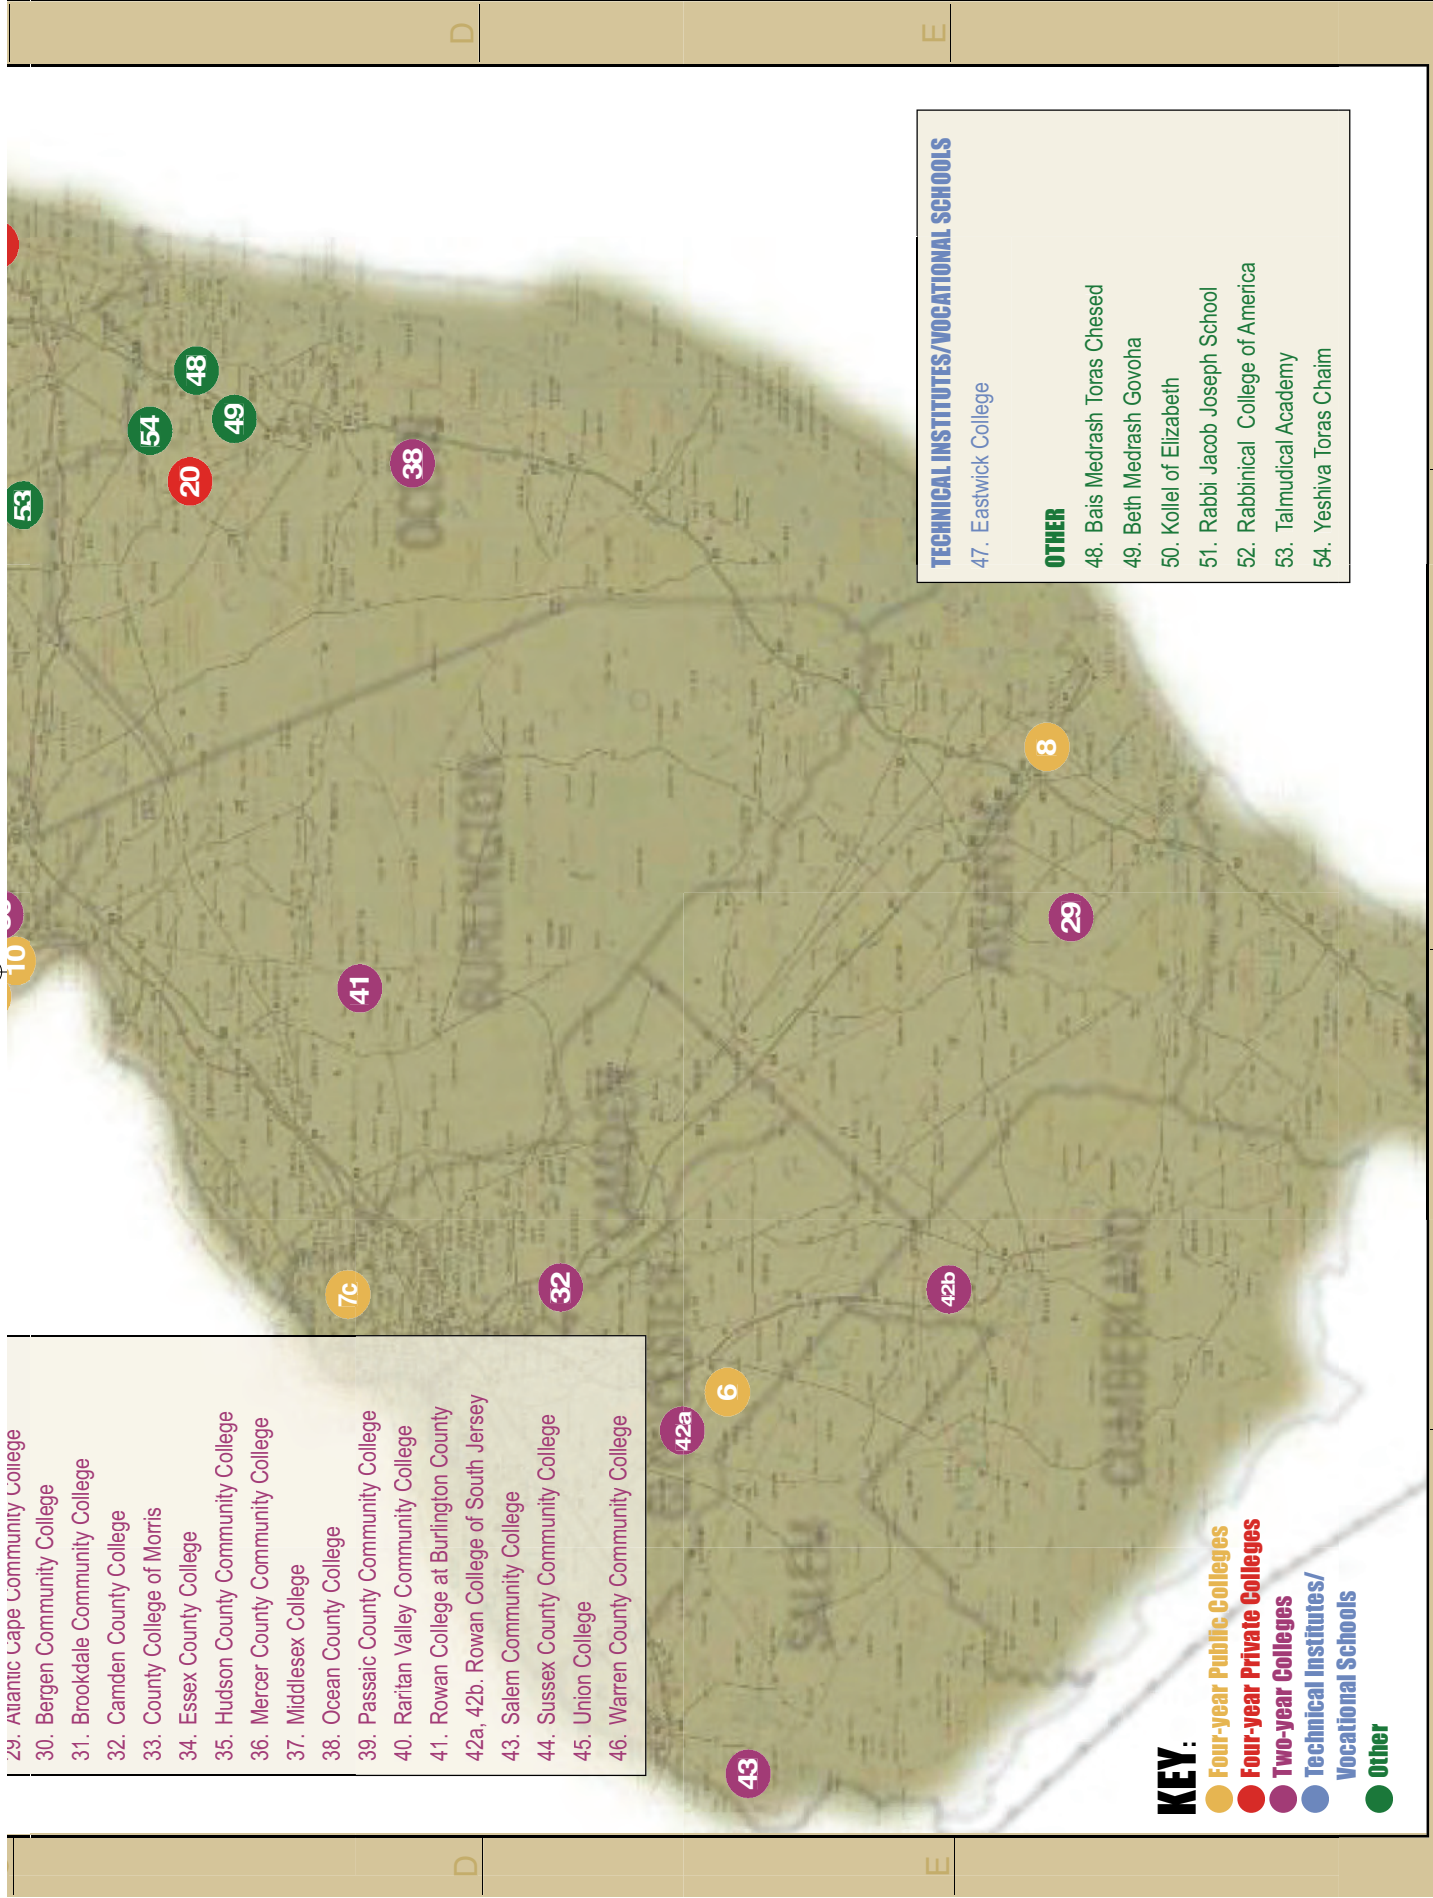

Student body size: 9,635 • Accredited by the Middle States Commission on Higher Education • Four-year public co-educational university • More than 1,800 residential students • SAT/ACT-optional admissions
 Nearly 150 bachelor’s degree, master’s degree, undergraduate and graduate certificate programs and three doctoral programs

GET \$750

TO START

NJBEST 529 College Savings Plan can help you get a head start on saving for your child's education. Taxpayers with household adjusted gross income between \$0 and \$75,000 are eligible for a one-time grant of up to \$750 matched dollar-for-dollar of the initial deposit into a new NJBEST plan account for new beneficiaries.

Visit [NJBEST.com](https://www.njbest.com) to learn more about this opportunity and other features of the NJBEST 529 plan.

Investors should carefully consider plan investment goals, risks, charges and expenses before investing. To obtain the *Investor Handbook*, which contains this and other information, call Franklin Distributors, LLC, the manager and underwriter for the plan, at (877) 4NJ-BEST. You should read the *Investor Handbook* carefully before investing and consider whether your or the beneficiary's home state offers any state tax or other state benefits such as financial aid, scholarship funds, and protection from creditors that are only available for investments in its qualified tuition program.

NJBEST New Jersey's 529 College Savings Plan is offered and administered by the New Jersey Higher Education Student Assistance Authority (HESAA); managed and distributed by Franklin Distributors, LLC, an affiliate of Franklin Resources, Inc., which operates as Franklin Templeton.

Investments in NJBEST are not insured by the FDIC or any other government agency and are not deposits or other obligations of any depository institution. Investments are not guaranteed by the State of New Jersey, Franklin Distributors, LLC, Franklin Templeton, or its affiliates and are subject to risks, including loss of principal amount invested. Investing in the plan does not guarantee admission to any particular primary, secondary school or college, or sufficient funds for primary, secondary school or college.

Franklin Templeton, its affiliates, and its employees are not in the business of providing tax or legal advice to taxpayers. These materials and any tax-related statements are not intended or written to be used, and cannot be used or relied upon, by any such taxpayer for the purpose of avoiding tax penalties or complying with any applicable tax laws or regulations. Tax-related statements, if any, may have been written in connection with the "promotion or marketing" of the transaction(s) or matter(s) addressed by these materials, to the extent allowed by applicable law. Any such taxpayer should seek advice based on the taxpayer's particular circumstances from an independent tax professional.
