

Fact Sheet for NJ STARS II Students Enrolled at a New Jersey Four-Year Public Institution During or Prior to the Fall 2010 Semester

The NJ STARS II Program is a continuation of the NJ STARS Program that provides successful NJ STARS students at New Jersey county colleges with funding to transfer to a New Jersey four-year public college or university to earn a bachelor's degree. **The following information applies to NJ STARS II students enrolled at a New Jersey four-year public college or university during or prior to the fall 2010 semester.**

NJ STARS II Benefits

The amount of the NJ STARS II award for the first two semesters of study at a New Jersey four-year public college or university will be based on a student's cumulative grade point average (GPA) upon graduation from a county college. NJ STARS who graduated from a county college with a GPA equal to or greater than 3.25 and less than 3.50 may receive an NJ STARS II award of up to \$3,000 per semester. Those graduating with GPAs of 3.50 or higher may receive up to \$3,500 per semester. The amount of the award for the third and fourth semesters of study will be based on the cumulative GPA attained at the four-year public institution at the start of the third semester of study.

The NJ STARS II award will be based on tuition only, except for Tuition Aid Grant recipients who will receive NJ STARS II awards based on tuition **and** approved fees. The amount of the NJ STARS II award will be determined after all other State and Federal grants and scholarships are applied to these charges.

The State funds 50% of the NJ STARS II award, while 50% is provided by the four-year public institution. Students will be responsible for any remaining balance. NJ STARS II awards are dependent upon annual State appropriations.

Approved Fees - Applies to NJ STARS II Students Receiving Tuition Aid Grants

All fees charged by a New Jersey four-year public institution that are mandatory for attendance as well as any fees required for a specific program of study are approved.
