### 3.0 BACKGROUND

The Authority was established by N.J.S.A. 18A:71A-1 et seq. in April 1999 to continue the mission of furthering access to postsecondary education whether by loans, grants, scholarships, or other means.

**NJCLASS Program**

The NJCLASS Program is a supplemental loan program created in 1991 to offer an additional source of financial support to students and their families in meeting the costs of a student’s education at an eligible institution of higher education. NJCLASS loans supplement the federal Direct Loan program for postsecondary students who have additional unmet financial need after exhausting their eligibility for federal student loans. NJCLASS loans are available for New Jersey residents attending an approved institution in-state or out-of-state and for out-of-state-residents attending approved New Jersey institutions. The program also offers refinancing for NJCLASS, federal Parent PLUS, and school-certified education loans, as well as an option for borrowers to consolidate their prior NJCLASS loans.

More detailed information on HESAA and the NJCLASS loan program, including bond transaction history, can be found in the Higher Education Student Assistance Authority Student Loan Revenue Bonds Series 2022 Official Statement at: https://emma.msrb.org/P21573471-P21215173-P21636535.pdf.

5.0 REQUIRED COMPONENTS OF THE RFP PROPOSAL

5.1 General Information

(a) Bidders shall provide **brief but complete** answers to the following questions:

   i. Provide a brief summary, listing any background information on your firm that you believe is relevant to the Authority’s Student Loan Programs.

   ii. Describe your firm’s ability to use Authority loan program data, provided electronically, to model cash flows and other simulations required by the Authority and Rating Agencies.
iii. Provide detail on how your firm will perform bond reporting compliance and who will be performing such work. If the provider is an external independent firm, please indicate the name and contact information for the provider.

iv. Indicate whether your firm would be providing services to the Authority directly or subcontracting portions of the work to other firms. If subcontracting, indicate the work that would be performed by the subcontractor and the name of the subcontractor.

v. Consideration will be given to firms with a presence in New Jersey, for minority-owned and women-owned firms, and for firms owned by disabled veterans. Please provide any information about your firm relevant to these considerations.

vi. Provide detail on how your firm would work with the Authority to develop information necessary to provide prepayment data to investors and the Rating Agencies with respect to HESAA’s portfolios. Please comment on the efficacy of using prepayment data to reduce the cost of the Authority's financing(s). Please include any examples that might parallel the Authority’s loan program.

vii. Provide any other information that you feel uniquely qualifies your firm to assist the Authority in this capacity for the next two years.

(b) Bidders shall provide the following general information in an Appendix.

i. Provide the names and the proposed roles of those individuals who will be responsible on a day-to-day basis for this transaction. List the student loan transactions, if any, or any similar type of transactions that they have been involved with over the past three years.

ii. List any ongoing relationships with other student loan entities and describe your firm's role.

iii. Provide assurance that your firm and its members are not currently in violation of the rules of any governmental regulatory agencies, industry associations, or other rule-making bodies. Additionally, provide details of any criminal investigation or material litigation, including administrative procedures, which your firm or members were or are currently involved in since 2012.

iv. Identify any existing or potential conflict of interest, or any relationship that might be considered a conflict of interest that may affect or involve transactions for HESAA, including but not limited to conflicts with financial advisors, law firms providing services to HESAA, and HESAA employees.

v. Describe any pending, concluded or threatened litigation, administrative proceedings or federal or state investigations or audits, subpoenas, or other information requests of or involving your firm or the firm’s owners, principals, or employees. Describe the nature and status of the matter and the resolution, if any.

vi. List any sanctions or penalties brought against your firm, or any of its personnel (including suspension or disbarment) by any regulatory or licensing agencies. Include a description
of the reasons for the sanctions or penalties and whether such sanctions or penalties are subject to appeal.

vii. Provide the Security Plan described in Section 7.10 C. below.

5.2 Fees

Describe your proposed fee structure, listing the specific cost of each service, including expenses. While actual sizing of planned upcoming transactions will be determined by the Authority’s priorities and market conditions at the time of the transaction, fees should be expressed in terms of a specific dollar amount per $1,000 of bonds. Underwriting fees should be quoted for transaction sizes of:

a) $175 million or less of new money issuance;

b) Up to $250 million of new money and refunding issuance; and

c) A new money and refunding issuance of greater than $250 million.

The quotes should result in a maximum fee for services (not a range, but a specific dollar amount) for each of the management fee, takedown, and expenses. With regard to takedown, the fee should be further broken down by maturity such that the Authority can determine the takedown component for each year assuming a final maturity of 30 years. Provide the proposed takedown for each year across the 30-year time period.

The Authority may alter the fee split between the Senior Manager and any co-manager that is selected. Provide your proposed fee structure under the following two scenarios: 1) the Senior Manager retains a minimum 90% share of the takedown component and 100% share of the structuring and management fee component, and 2) the Senior Manager retains a minimum 80% share of the takedown component and 100% share of the structuring and management fee.

5.3 Structuring Strategy

Based on the information provided, describe your firm’s strategy for structuring a state student loan revenue bond issue for supplemental postsecondary education loans, consolidation loans, and refinance loans.

5.4 Marketing Strategy

Given the previous financings of the Authority, provide your firm’s strategy for rating and marketing a state student loan revenue bond issue for supplemental postsecondary education loans, consolidation loans, and refinance loans.

Upon receiving a request for such information, HESAA will advise the Contractor if any such information is not deemed to be exempted. In the cover letter to a proposal, the bidder should clearly state the location within the bid proposal of any information for which the bidder asserts exemption from disclosure under OPRA. HESAA will not honor attempts by bidders or Contractors either to designate their entire bid proposal as proprietary and/or to claim copyright protection for their entire proposal.

7.7 Price Alteration

Proposal prices must be typed or written in ink. Any price change (including “white-outs”) must be initialed. Failure to initial price changes shall preclude a contract award from being made to the bidder.

7.8 Proposal Errors

A bidder may request that its proposal be withdrawn prior to the proposal submission opening. Such request must be made, in writing, to Marnie Grodman. If the request is granted, the bidder may submit a revised proposal as long as the proposal is received prior to the announced date and time for proposal submission and at the place specified.

If, after the proposal submission opening but before contract award, a bidder discovers an error in its proposal, the bidder may make a written request to Marnie Grodman for authorization to withdraw its proposal from consideration for award. Evidence of the bidder’s good faith in making this request shall be used in making the determination. The factors that will be considered are that the mistake is so significant that to enforce the contract resulting from the proposal would be unconscionable; that the mistake relates to a material feature of the contract; that the mistake occurred notwithstanding the bidder’s exercise of reasonable care; and that HESAA or the State will not be significantly prejudiced by granting the withdrawal of the proposal. After the proposal submission opening, while pursuant to the provisions of this section, a bidder may request to withdraw its proposal and HESAA may, in its discretion, allow the bidder to withdraw it. HESAA may take notice of repeated or unusual requests to withdraw by a bidder and take those prior requests to withdraw into consideration when evaluating the bidder’s proposals.
All requests to withdraw a proposal must identify the RFP, “Senior Manager,” include the final proposal submission date, and be sent to the following address:

Marnie Grodman, Esquire  
Director, Legal & Governmental Affairs  
New Jersey Higher Education Student Assistance Authority  
4 Quakerbridge Plaza  
P.O. Box 545  
Trenton, NJ 08625-545  

If during the proposal evaluation process, an obvious pricing error made by a potential contract awardee is found, HESAA shall issue a written notice to the bidder. The bidder will have five days after receipt of the notice to confirm its pricing. If the bidder fails to respond, its proposal shall be considered withdrawn, and no further consideration shall be given to it.

If it is discovered that there is an arithmetic disparity between the unit price and the total extended price, the unit price shall prevail. If there is any other ambiguity in the pricing other than a disparity between the unit price and the extended price and the bidder’s intention is not readily discernible from other parts of the proposal, HESAA may seek clarification from the bidder to ascertain the true intent of the proposal.

7.9 Joint Venture

If a joint venture submits a proposal, the agreement between the parties relating to such joint venture should be submitted with the joint venture’s proposal. Authorized signatories from each party comprising the joint venture must sign the proposal. Each party to a joint venture must submit a separate Ownership Disclosure Form, Political Disclosure Forms, Disclosure of Investigations and Actions Involving Bidder form, Disclosure of Investment Activities in Iran form, Disclosure of Prohibited Activities in Russia and Belarus, and Affirmative Action Employee Information Report. Each party comprising the joint venture must also possess a valid Business Registration Certificate issued by the Department of the Treasury, Division of Revenue prior to the award of a contract. Refer to Section 5.5 of this RFP.

Prior to releasing a data owner’s confidential information in response to judicial process, the contractor shall give the data owner advanced written notice of the subpoena, if not legally prohibited, and provide the data owner the opportunity to object to the required disclosure. Any other use, sale, or offering of these data to a third party without the data owner’s consent in any form by the contractor, or any individual or entity in the contractor’s charge or employ, will be considered a violation of this contract and may result in contract termination and the contractor’s suspension or debarment from State contracting. In addition, such conduct may be reported to the State Attorney General for possible criminal prosecution. B. REMEDIES
Nothing in this contract shall be construed to be a waiver by HESAA of any warranty, expressed or implied, or of any remedy at law or equity, except as specifically and expressly stated in a writing executed by the Executive Director of HESAA.

7.16 Additional Work and/or Special Projects

The pricing response in this RFP is intended to be all-inclusive; the Authority anticipates that no additional work or special projects will be necessary. However, the Authority recognizes that changes in federal and state law and regulations over the course of the term of the contract may create additional work required from the contractor.

In the event of additional work and/or special projects, the contractor must present a written proposal to perform the additional work to HESAA. The proposal should provide justification for the necessity of the additional work. The relationship between the additional work and the base contract work must be clearly established by the contractor in its proposal.

The contractor’s written proposal must provide a detailed description of the work to be performed broken down by task and subtask. The proposal should also contain details on the level of effort, including hours, labor categories, etc., necessary to complete the additional work.

The written proposal must detail the cost necessary to complete the additional work in a manner consistent with the contract. The written price schedule must be based upon the hourly rates, unit costs or other cost elements submitted by the contractor in the contractor’s original proposal submitted in response to this RFP. Whenever possible, the price schedule should be a firm, fixed price to perform the required work. The firm fixed price should specifically reference and be tied directly to costs submitted by the contractor in its original proposal. A payment schedule, tied to successful completion of tasks and subtasks, must be included.

No additional work and/or special project may commence without the Authority’s written approval. In the event the contractor proceeds with additional work and/or special projects without the Authority’s written approval, it shall be at the contractor’s sole risk. HESAA shall be under no obligation to pay for work performed without HESAA’s written approval.

7.17 Record Retention

All records created as a result of this project shall be retained in their original form by the contractor or in other forms agreed to by the Authority for no less than five years after contract completion, plus any additional period required by federal or state statutes, regulations or
guidelines. At the end of a contract period, the contractor must be prepared to transfer, in a manner specified by the Authority, all records to the Authority or to the successor contractor as directed by the Authority.

7.18 Severability

In the event that any provision of this RFP or any agreement executed in accordance herewith shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision.

7.19 Additional Information

Any firm chosen as the Senior Manager will not be prohibited from bidding on an Authority bond issued and offered at competitive sale.

Any payments of underwriting fees to the Senior Manager will be contingent upon the closing of the bond sale.

As a result of the potential complexity of the financing of the future bond issues, the Authority is considering using a negotiated method of sale pursuant to Governor Whitman’s Executive Order 26. The Authority engages a Financial Advisor to work with the Senior Manager as part of the team to help address the needs of the NJCLASS program or other programs of the Authority. Any decision to issue debt competitively or through negotiation will be done on a case by case basis in accordance with Governor Whitman’s Executive Order 26. The Authority’s current Financial Advisor is Hilltop Securities.

The Authority reserves the right to engage a firm or firms outside of the contract awarded pursuant to this RFP to perform additional financing services outside the scope of this agreement, including but not limited to those related to derivative products.

8.0 SELECTION PROCESS

8.1 Minority & Women Owned Firms

Particular consideration will be given to firms with a presence in New Jersey and for firms owned minorities, women, and/or disabled veterans.

8.2 Evaluation Criteria

The Authority will review proposals in connection with its expected issuances, presently estimated at $275 million annually, although this amount may be increased or decreased dependent on the scope of programs to be financed through the issuances. The Authority will select a firm based on responses to the proposals. The Authority will review the responses and select qualified firms based on the following criteria, not necessarily in order of importance:

(a) The experience of the firm in advising on tax-exempt student loan revenue bond offerings;
(b) The relevant experience of the staff assigned to the Authority;
(c) The quality of the response to the RFP, including but not limited to the level of detail of the response;
(d) The ability to meet the needs of the Authority as detailed in this RFP; and
(e) The fee proposed.

8.3 Interviews

The Authority reserves the right to schedule interviews with, and to request additional information from, any and all firms.

8.4 Right to Waive

The Authority reserves the right to (i) cancel this solicitation; (ii) reject any and all responses to this request; (iii) waive any requirements or minor informalities; (iv) modify or amend, with consent of the submitting firm, any statements; (v) request that all respondents submit additional information not covered by the Request for Proposal which, in the view of the Authority, would be germane to its decision; (vi) negotiate the proposal of the potential provider that, in the Authority's sole discretion, will best meet the Authority's needs; and (vii) affect any agreement deemed by the Authority to be in its best interests or in the best interests of the State.

8.5 Proposal Discrepancies

In evaluating proposals, discrepancies between words and figures will be resolved in favor of words. Discrepancies between unit prices and totals of unit prices will be resolved in favor of unit prices. Discrepancies in the multiplication of units of work and unit prices will be resolved in favor of the unit prices. Discrepancies between the indicated total of multiplied unit prices and units of work and the actual total will be resolved in favor of the actual total. Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the correct sum of the column of figures.

8.6 Negotiation and Best and Final Offer (BAFO)

After evaluating proposals, HESAA may enter into negotiations with one bidder or multiple bidders. The primary purpose of negotiations is to maximize HESAA's ability to obtain the best value based on the requirements, evaluation criteria, and cost. Multiple rounds of negotiations may be conducted with one bidder or multiple bidders. Negotiations will be structured by HESAA to safeguard information and ensure that all bidders are treated fairly.

Similarly, HESAA may invite one bidder or multiple bidders to submit a best and final offer (“BAFO”). Said invitation will establish the time and place for submission of the BAFO. Any BAFO that is not equal to or lower in price than the pricing offered in the bidder’s original proposal will be rejected as non-responsive and HESAA will revert to consideration and evaluation of the bidder’s original pricing.

If required, after review of the BAFO(s), clarification may be sought from the bidder(s). HESAA may conduct more than one round of negotiation and/or BAFO in order to attain the best value for HESAA.
Negotiations will be conducted only in those circumstances where they are deemed by HESAA to be in HESAA’s best interests and to maximize HESAA’s ability to get the best value. Therefore, the bidder is advised to submit its best technical and price proposal in response to this RFP since HESAA may, after evaluation, make a contract award based on the content of the initial submission, without further negotiation and/or BAFO with any bidder.

All contacts, records of initial evaluations, any correspondence with bidders related to any request for clarification, negotiation or BAFO, any revised technical and/or price proposals, and the Award Recommendation, will remain confidential until a Notice of Intent to Award a contract is issued.

8.7 Board Approval

Appointment of a firm is subject to approval by the Authority’s Board.
